NEWARK, OHIO, WEDNESDAY EVENING, FEBRUARY 3, 1915

TEN CENTS A WEEK

## ATTEMPT TO EXTRADITE DYNAMITER

Will be Made by Canadian Government Under Penal Code

FOR OFFENSE PUNISHABLE BY LIFE IMPRISONMENT.

KEPT CLOSELY GUARDED

By Maine Civil Authorities Last Night—Claims His Act Was One of War and His Flight to a Neutral Country Should Give Him Safety From Extradition.

(Associated Press Telegram)  
Vanceboro, Me., Feb. 3.—Werner Van Horn, who attempted to blow up the railway bridge here yesterday, today appealed to the German ambassador at Washington, Count von Bernstorff. He told the latter that he had not been on Canadian soil and asked for protection from extradition to Canada.

(Associated Press Telegram)  
Vanceboro, Me., Feb. 3.—The Dominion authorities were busy today building up a case to support their request for the extradition of Werner Van Horn, who yesterday attempted the destruction of the international bridge over the St. Croix river.

Before noon a large party of secret service officers arrived here from Montreal. Their business was to establish that Van Horn had deliberately caused damage to a railroad and so committed an offense which is extraditable under the treaty between the United States and Canada. At the same time the question whether Van Horn was a criminal or political offender, was to be made the subject of the exchanges between Ottawa and Washington.

Van Horn still claiming to be an officer of the German army and appearing to feel secure in his position that he had properly committed an act of war and so could not be extradited, awaited events with composure. His only regret so far as expressed, is that he succeeded in damaging the bridge but slightly. It has been stated that he would appeal to the German embassy at Washington but so far as known he has made no move in this direction. Nor has he consulted a lawyer. No charge has been preferred against him and he is detained only on the authority of the attorney general of Maine, until an inquiry into the facts of his case can be made.

It was explained that he could be held indefinitely unless a writ of habeas corpus on his behalf was obtained. Van Horn has shown no disposition to seek his liberty, but provision has been made to forestall such procedure. A local justice stands ready to issue a warrant for the arrest of the dynamiter on any one of several charges that have been suggested. These include the illegal transportation of dynamite and of causing damage to this town where the windows of some buildings were broken by the explosion.

**VAN HORN SPENT TWO MONTHS IN NEW YORK CITY.**

(Associated Press Telegram)  
New York, Feb. 3.—Werner Van Horn, who attempted to blow up the international bridge over the St. Croix river at Vanceboro, Maine, early yesterday morning, had many acquaintances among his countrymen in this city, gained during his two month's stay here.

According to friends here, Van Horn was formerly a captain of pioneers in the Bavarian army. It was

Big Fund Raised for Defense of Alleged Murderess of Her Children and Her Affinity.

(Associated Press Telegram)  
New York, Feb. 3.—Lorly's Elton Rogers, the lawyer indicted on a statutory charge for his relations with Mrs. Ida Sniffen Walters, mother of Mrs. Walters, was to appear in the county court in the Bronx today to begin his fight for freedom and to pave the way for the defense of Mrs. Walters, when she is tried for poisoning her two children. It became known today that friends of Rogers and Mrs. Walters have contributed more than \$10,000 for the defense of the pair.

## Examples Given of Kaiser's Patience Under Every Stress of Great Annoyance; Compliments Courage, Even of Enemies

(Associated Press Telegram)  
Munich, Germany, Feb. 3, via London, Feb. 3.—The Neueste Nachrichten has published an interview with Dr. Ludwig Ganghofer, the German author, in which is given a further account of the writer's visit to Emperor William at the imperial field headquarters. Dr. Ganghofer says: "I heard and saw an example of the emperor's quiet patience with slanderous statements that should be instructive for us all. Remarks of such a nature embitter him, but even in his greatest excitement, he never loses the mastery of his tongue. I heard him say in such a case:

"That is strong, but it is silly also. It is fortunate that truth always is wiser in the long run and that it has longer legs."

"The knightly conduct of individual opponents in the field gladdens Emperor William," continued Dr. Ganghofer, "and rarely have I heard any man speak so justly and appreciatively of the good qualities, the courage and the accomplishments of the nation's enemies. Even against England, I heard from the emperor no unmeasured word spoken in anger. Every verdict he pronounces, severe as it sometimes is, is always within the bounds of supreme reserve. Nevertheless there is a slight, but hardly noticeable vibration in his majestic voice when the subject is our Germanic cousins across the channel."

"In a conversation with the representative of a neutral state the emperor once said: 'You are a sportsman. When in a horse race the weaker animals gradually drop out and only the two strongest are left, have you ever seen the jockey of the horse which threatens to fall behind strike with his whip at the jockey of the more ambitious and stronger animal?'"

"The man questioned shook his head. The emperor continued: 'Why does England strike at us? Why does she not rather strike at her own weakening horse?'"

"Yet other words of the emperor must be remembered," the Neueste Nachrichten quotes Dr. Ganghofer as saying. "On one occasion he made this remark: 'Many people who judge us Germans solely by outward polish and term us barbarians, seem not to know that there is a great difference between civilization and Kultur.' England certainly is a highly civilized nation. One notices this always in the drawing room, but to have 'kultur' means to possess deep conscience and high morale. My Germans have conscience and morale. When they say in other lands that it was my intention to found a world's empire, that is the funniest nonsense ever said about me. But in the moral, industry and conscience of the German people is to be found a conquering power that will open the world for them."

(Associated Press Telegram)  
Columbus, Feb. 3.—That no vital change in the present workmen's compensation law will be made by the legislature at this session, was indicated today by action of the house labor committee in postponing indefinitely the Ohio Equity association to eliminate the compulsory feature of the existing law.

The committee's action followed a hearing in which representatives of liability insurance companies denounced bitterly the system now in operation, charging it is "an undemocratic governmental monopoly," and that the state insurance fund is actually insolvent. The charges were denied categorically by Thomas J. Duffy, member of the industrial commission. The Ohio Manufacturers' Association, represented in the hearing by Daniel J. Ryan of Columbus, general counsel, and Malcolm Jennings, also of Columbus, announced itself as strongly opposed to any change in the law.

"Just as soon as you put a hole in this law, you sound the death knell of workmen's compensation in Ohio," said Mr. Ryan. "The only persons seeking amendment of the law are the liability insurance companies, which want to make profit."

**ENGLISH FIGHT TURKS FIERCELY, REPULSING THEM**

(Associated Press Telegram)  
Berlin, Feb. 3.—(By wireless to London).—Fighting between the English and Turks continues at Kurna, according to a dispatch from Baghdad, which describes a night attack made by 200 Turks. Two English battalions posted on opposite sides of the town, the dispatch says, became confused and fired on each other for several hours. The Turks were driven back at daybreak by the fire from the British gunboats. An Indian expeditionary force is operating at the head of the Persian gulf.

(Associated Press Telegram)  
Berlin, Feb. 3.—(By wireless to Sayville, N. Y.).—German army headquarters today gave out a report on the progress of the fighting which reads as follows: "The attacks made by the French on German positions near Perthes have been repulsed. On the remainder of the western battle front there was yesterday nothing more than artillery exchanges. "There have been no new developments along the East Prussian frontier. "In Poland, north of the Vistula, cavalry onslaughts by the Russians have been repulsed while south of the Vistula German attacks at a point east of Bolimow ended with the occupation of the village of Humin (to the northeast). Fighting for possession of Wolaszew-Lowiczka has been going on since Feb. 1. In these engagements we have taken over 4000 prisoners and captured six machine guns. "The Russian attack at night against the German positions near the Bzura river have been repulsed."

**GERMANS REPORT OCCUPATION OF POLISH VILLAGE**

(Associated Press Telegram)  
Berlin, Feb. 3.—(By wireless to Sayville, N. Y.).—German army headquarters today gave out a report on the progress of the fighting which reads as follows: "The attacks made by the French on German positions near Perthes have been repulsed. On the remainder of the western battle front there was yesterday nothing more than artillery exchanges. "There have been no new developments along the East Prussian frontier. "In Poland, north of the Vistula, cavalry onslaughts by the Russians have been repulsed while south of the Vistula German attacks at a point east of Bolimow ended with the occupation of the village of Humin (to the northeast). Fighting for possession of Wolaszew-Lowiczka has been going on since Feb. 1. In these engagements we have taken over 4000 prisoners and captured six machine guns. "The Russian attack at night against the German positions near the Bzura river have been repulsed."

One of the differences between a D. D. and an M. D. is that the D. D. has to preach, while the M. D. has to have a practice.

(Associated Press Telegram)  
Cleveland, Feb. 3.—Miners' officials today told federal conciliators that they are unwilling for miners in the eastern Ohio strike zone to resume work pending arbitration of points in dispute, unless they are given 47 cents a ton, their previous demands, while final settlement is being effected. The mine owners said they were willing to leave the question of wages to the arbitrators yet to be appointed, expressing the belief that all strike difficulties could be arbitrated within two weeks. These were the positions taken by the miners' officials and operators respectively today, in written answers to suggestions made by the

## IMPROVEMENTS IN BUSINESS NOTED BY R. R. PRESIDENT.

(Associated Press Telegram.)  
Washington, February 3.—President E. B. Thomas, of the Lehigh Valley railroad told business conditions showed an improvement and that the railroad was gaining from an increase in traffic. They needed less regulations, he told the president, to better their condition. "When I say that the railroad with which I am connected made 25,000 reports last year to the interstate commerce commission and different commissions and boards in the three states through which it runs, you will see what I mean by the need for less regulation," Mr. Thomas said. "We need constructive legislation." Mr. Thomas said his road and others that he knew of had plans for extensions and improvements but were waiting to get money.

## LEGISLATIVE COMMITTEES ARE AT WORK

MUCH INTEREST MANIFESTED IN LIQUOR LICENSE DECENTRALIZATION BILL

Being Prepared by Senator McDermott—Speaker Urges Thoroughness, Not Speed.

(Associated Press Telegram)  
Columbus, Feb. 3.—House committees went to work today keeping in mind the recommendation of Speaker Conover that they make thoroughness rather than speed their primary aim. The speaker suggested this to chairman of house committees at a meeting last evening. A number of legislators today expressed the opinion that committees should be speedy, along with thorough consideration of measures before them. Speaker Conover and Republican Floor Leader White more continued to receive demands for a caucus of majority house members to map out legislative programs with the big administration decentralizing measures at the head of the program.

Those who favor the calling of a caucus immediately pointed out that Speaker Conover, in his address to the committee chairmen last evening, urged that each bill be scrutinized carefully before action is taken, but that he made no mention of threshing out the more important measures first.

Committees during the last two weeks have been working mainly on bills of minor importance, it was said. Speaker Conover told the committee chairman he did not favor "railroading" any bill through the committee. Neither did he stand for a policy of killing in committee measures of minor importance, such as has been advocated by the advocates of a short session.

The joint committee appointed to investigate the state banking department, began its work today while the committee making a survey of state departments was sitting behind closed doors discussing statistics taken from the budget recommendations of former budget commissioner W. O. Heffernan. Heads of departments will be called as soon as the committee has learned something of the operation of the department in the past.

Scientific boxing in Ohio would be regulated strictly by a state commission of three members, one to serve without pay, appointed by the governor, by terms of a bill which was ready for introduction today by Representative Neiding. Under the bill, the state commission would have complete supervision of all boxing contests, which would be limited to 10 rounds. Use of large gloves would be compelled and referees would have to be approved by the commission. Licenses for boxing contests would be issued only to reputable clubs defined by the bill.

## BATTERING IS RESUMED BY GERMANS

At Three Points Violent Offensive Movements Have Begun

TEUTONS STILL HOLDING GROUND NEAR WARSAW.

BRITISH SUFFER HEAVILY

At La Basse Which Has Long Been a Crucial Point—Von Hindenberg Hammering His Way Toward Polish Capital—Czar's Crack Troops Engaged.

(Associated Press Telegram)  
London, Feb. 3.—British military experts are unable to explain the sudden and violent offensive movements begun by the Germans to the west of Warsaw, in Russian Poland, and in the vicinity of La Basse, on the northwestern end of the battle line in France.

In both these regions there has been a return to the old style of German battering, the men being hurled forward in close formation at great sacrifice with, British reports say, little permanent gains.

In Russian Poland, the Germans are holding some ground in front of Warsaw, which these attacks netted, but the recent German onslaughts on the western battle front, military officials assert, almost invariably have resulted in failure, to consolidate the positions gained. It is suggested that Field Marshal von Hindenberg, the German commander, is again hammering toward the Polish capital with the idea of holding there. Emperor Nicholas' crack troops, which otherwise might be transferred to the Caucasians, where the Russian and Austro-German forces still are fighting in the mountain passes. Neither side has been able to force the other on to the plains though the Russians claim to be more than holding their own.

La Basse, 12 miles south of the Belgian border, long has been a crucial point on the western front and the British troops congregated in the neighborhood have suffered heavily. The Germans have declared time and again that, other things being equal, they would prefer to inflict losses upon the British and this, together with the better preparation of the ground by the artillery may account for the renewed slaughter.

## RUSSIA SENDS A NOTE REGARDING FOOD SHIPMENT

(Associated Press Telegram)  
Washington, Feb. 3.—Russia today informed the United States that the distribution of food, money and clothing to German and Austrian prisoners in Siberia would be permitted only by the Russian military authorities, declining to give foreign relief expeditions that privilege. An American expedition has started from Peking.

**BOND ISSUE DEFEATED.**  
(Special to Advocate.)  
Granville, O., Feb. 3.—The vote on the bond issue of \$40,000 for the building of a new township school in Granville township yesterday was defeated by a vote of 28 to 129. At the late election the voters of the township favored centralization of the schools and this made a new building imperative. The proposed building was only to have six rooms but it seems that the project was not favored.

## Mine Operators Think Arbitration of the Strike Should Come in 2 Weeks

(Associated Press Telegram)  
Cleveland, Feb. 3.—Miners' officials today told federal conciliators that they are unwilling for miners in the eastern Ohio strike zone to resume work pending arbitration of points in dispute, unless they are given 47 cents a ton, their previous demands, while final settlement is being effected. The mine owners said they were willing to leave the question of wages to the arbitrators yet to be appointed, expressing the belief that all strike difficulties could be arbitrated within two weeks. These were the positions taken by the miners' officials and operators respectively today, in written answers to suggestions made by the

## Nine Laborers Burn To Death In Sleeping House; Only One Escapes Injury

(Associated Press Telegram)  
Kane, Pa., Feb. 3.—Nine men were burned to death and six others were seriously injured in a fire which early today destroyed the sleeping house of the Tionesta Chemical company at Bayport, Forest county. The men, mostly wanderers of whom little was known to the company, were employed in the forests as woodmen, and at night slept in the cheese-cloth lined frame building erected for them. The house was heated by gas, and it

is believed increased pressure in the mains caused an explosion which fired the building. The nearest town, Sheffield, is ten miles away and medical aid was hours in reaching the injured. Only one occupant of the building escaped uninjured. The identified dead are: Henri Stranislav and Bertini Marosin, both Macedonians, and identified injured Ludovic Martilli and Henri Marsen. Physicians expressed the belief that two of the injured would die.

## FLOODS ALONG RIVER VALLEYS HAVE RECEDED

CREST PASSED AT PITTSBURG LAST MIDNIGHT AT 28.5 FEET.

Ohio Rising Rather Rapidly But Dangerous Flood Stage is Not Expected.

(Associated Press Telegram) Pittsburgh, Feb. 3.—The flood which inundated the low lying sections along the Allegheny and Ohio rivers began receding slowly early today and Forecaster Henry W. Fenwick declared all danger had passed. The crest was reached at midnight when a stage of 28.5 feet was registered.

Some suffering was reported from the flooded districts, but policemen in boats took food and fuel to families who had been imprisoned in the upper stories of their homes during the night. There was little actual damage along the rivers, however, warning having been given in ample time for precautionary measures.

Thousands of men were thrown out of work when floods along the Allegheny river were flooded but it was believed they would be able to return to work within a few days.

According to the police, no lives have been lost in the flood, although there have been many narrow escapes. A report to the police last night said that two women frantically calling for help were seen on a houseboat which was being swept down the Allegheny river. The boat was not located and the rumor was generally doubted.

FEAR NO FLOOD AT CINCINNATI.

(Associated Press Telegram) Cincinnati, Feb. 3.—The Ohio river here was rising at the rate of one-tenth of a foot an hour early today, but local government weather forecaster Devereaux did not believe the water would go beyond the flood stage on this rise.

The stage was 41.7 feet at 9 o'clock this morning. Devereaux predicted that the water would reach a maximum height of 49 feet if no more rain fell in the next twenty-four hours.

SCIOTO RIVER IS RECEDING STEADILY.

(Associated Press Telegram) Columbus, Feb. 3.—The Scioto river was falling slowly but steadily today, having receded from 11.5 feet its highest stage on Tuesday to 10.4 feet.

J. Warren Smith, director of the Ohio weather station stated today that the rivers all over the state have reached their highest stage and that all danger from flood has passed.

The Scioto river was clear of ice today and all gorges had been cleared away from the bridges.

OHIO HAS FLOODED WHEELING ISLAND.

(Associated Press Telegram) Wheeling, W. Va., Feb. 3.—Ten thousand men in factories in and around Wheeling and fully double that number along the Ohio river between here and East Liverpool, O., were temporarily deprived of employment today by the flood. Wheeling Island was almost entirely inundated, and it was estimated that 2000 persons had been driven from their homes. Schools were closed and public buildings thrown open for the refugees. There was a great deal of inconvenience but very little actual suffering except on the Ohio side, where a large number of striking miners' families were driven out. A free restaurant was opened at Martins Ferry for the destitute.

Not Improving. Charles Watkins, who suffered a stroke of paralysis while alighting from a street car in Granville Monday is not improving and still remains in an unconscious condition.

Age is Not the Cause of your hair falling out. It is the condition of your scalp.

**Rexall "93" Hair Tonic** will destroy the germ which is the cause of this trouble. 50 cents a bottle. Frank D. Hall.

## The HOME Building Association Co NEWARK, OHIO.

## IT CAN BE DONE

If a short while ago someone had said to you that there were 4,324 people in Newark and vicinity who were going to save in 1915 from \$25 to \$67.75 apiece with but little extra effort and no hardship, you would have exclaimed: "Impossible!"

Yet what then seemed impossible to-day is a reality, due to the plan of the "Old Home" 1915 Christmas Money Club.

When we say to you that you can accumulate a savings fund here of \$50, \$100 or \$250 this year, again you say: "Impossible!"

That is because you think of such a savings as a lump sum and not as the union of small, regular deposits made without any great effort every week throughout the year.

may be, you can save something every week along with thousands of other "Steady Savers" in this sound Association.

Remember: IT CAN BE DONE.

## Bryan Makes Plea For Shipping Bill

(Associated Press Telegram) Washington, Feb. 3.—Sec. Bryan addressed the chamber of commerce of the United States here today with a plea for support for the administration ship bill and ratification of the Colombian treaty.

"The present war has shown us the disadvantages to which we are subjected, when we rely upon foreign ships to carry our merchandise," said he.

## SUBSCRIPTIONS FOR CHARITIES TO BE ASKED AT ONCE

At the meeting of the finance committee of the Associated Charities Tuesday afternoon arrangements were made to start a campaign for subscriptions at once, and the solicitors for the different wards have been indicated in the papers for some days past.

Subscription cards provide for payment of one-half in ten days and one-half September 1, and it is hoped to raise \$10,000, which means less than \$200.00 a week.

The salary of the superintendent and the other expenses have all been provided for.

## Obituary

Richard Harry Doughty, father of Edward Harry Doughty, father of Mrs. William C. Loe and Mrs. Daniel Kelsos both of Newark, died suddenly in Columbus yesterday at the age of 77 years. Mr. Doughty, brother of Clark C. Doughty who is well known in Newark, was formerly a conductor on the C. & M. V. road and years ago was in the B. & O. service. He has many friends among the older railway men of the city. Mr. Doughty is the first of a family of nine to pass away. He will be buried tomorrow at Roseville by the side of his wife who died seven years ago. Services will be held in Columbus at 9 a. m. tomorrow.

Mr. Presley Priest. Mr. Presley Priest, 68, died this morning at 8:10 o'clock at his home five miles east of Newark, after a three weeks' sickness with pneumonia. A wife and eleven children survive.

The children are Dr. Fred Priest, George Arthur, Mrs. Ollie Brant, Mrs. Everett of the home, Dr. Ben Priest of Bakersfield, Cal., Mrs. Bessie Martin of Madison township, Clarence, Grace and Roy of the home. Funeral services will be held in the Hanover M. P. church, Friday morning at 11:00 o'clock. Funeral cortege will leave the home at 10 o'clock. Mr. Priest was a civil war veteran, being a member of 76 O. V. I. Co. D.

Mrs. Louise Sensesick. Mrs. Louise Sensesick, age 71 years, died at 1:05 o'clock Wednesday afternoon at the home of her daughter, Mrs. B. R. Buckwalter, 131 North Tenth street after an illness of two weeks due to the infirmities of old age. She is survived by two daughters, Mrs. Buckwalter, at whose home she died, and Miss Anna Sensesick of Philadelphia. She leaves also, two sisters, Mrs. Mary Rife, and Miss Louetta Coffroath of Churchtown, Pa. Funeral services will be held at the home of the daughter in Tenth street, Thursday afternoon at 3:00 o'clock. The body will be taken to New Holland, Pa. for burial.

Mr. Clark's Funeral. The funeral of August Clark, 91 Day avenue, who died Tuesday, will take place Friday afternoon at 1 o'clock at the home. The body will be taken to Granville for burial.

Infant's Death. The infant child of Mr. and Mrs. E. E. Mitchell of 65 Linden avenue, died Wednesday morning having lived but a short time. Burial at Cedar Hill cemetery Wednesday afternoon.

The Hull pottery plant at Crooksville has resumed operations after being idle several weeks.

He who has a thousand friends has not a friend to spare.—Ali Ben Abi Taleb.

Let that please man which he pleased God.—Seneca.

## FRENCH REPORT SHARP FUSILLADE OF ENEMY'S GUNS

WAS EFFECTUALLY SILENCED BY THEIR BATTERIES' WELL DIRECTED FIRE.

Second German Attack in the Argonne Repulsed—Organizing Assault in Alsace.

(Associated Press Telegram) Paris, Feb. 3.—The French war office this afternoon gave out a report on the progress of the military operations reading as follows:

"In the country north of the Lys there is nothing to report. Between the Lys and the Oise, in the section of Novette, to the west of Lens, French batteries put an end to a spirited fusillade from the enemy."

"The Germans endeavored to float down the river Aisne some blazing torpedoes, starting from a point above Aveluy, which is north of Albert. We were successful, however, in stopping these floats before they exploded."

"Our artillery has continued to secure excellent results in the valley of the Aisne. We have made slight progress and have taken prisoners and have repulsed a counter attack to the west of hill No. 200, near Perthes."

"In the Argonne, a second German attack took place yesterday near Bazardelle at about 6 o'clock in the evening. This also was repulsed as had been the attack previously reported and which took place at 1 o'clock in the afternoon. "The front from the Meuse to the Vosges has been quiet. In Alsace we are organizing our forces on the ground won by us to the south of Ammertzwiller."

## DAMAGES

GIVEN AGAINST OHIO ELECTRIC FOR \$1600, TO WOMAN WHO WAS HURT

Criminal Assignment of Cases for Trial Beginning Next Week—News of the Courts.

In the case of Margaret Vaughan vs. the Ohio Electric Railway company, the jurors returned a verdict for Mrs. Vaughan for \$1,000. This suit was brought to recover damages for injuries received at the East Main street B. & O. crossing in this city, in 1912, while alighting from an interurban car, plaintiff claiming that the car started off while she was in the act of getting off the car, throwing her to the ground and injuring her.

Criminal Assignment. The following criminal assignment has been made by Judge T. B. Fulton for the weeks of Feb. 9 and Feb. 15:

Tuesday, Feb. 9, 1915. Ohio vs. Chris Toma. Ohio vs. Chris Toma. Ohio vs. George L. Parker. Ohio vs. Chas. Graham.

Wednesday, Feb. 10, 1915. Ohio vs. Harold Jackson. Ohio vs. George Graves. Ohio vs. H. Smith. Ohio vs. H. Smith.

Thursday, Feb. 11, 1915. Ohio vs. Ray Kidwell. Ohio vs. Ray Cashdollar. Ohio vs. Ray Cashdollar.

Friday, Feb. 12, 1915. Ohio vs. George Thompson. Ohio vs. James W. Diehl. Ohio vs. James Werts.

Saturday, Feb. 13, 1915. Ohio vs. Clarence McLain. Ohio vs. Bob Smith. Ohio vs. Mike Lucas.

Sunday, Feb. 14, 1915. Ohio vs. Smith Snyder. Ohio vs. Sam Cook. Ohio vs. John Loez. Ohio vs. William A. McDaniel.

Monday, Feb. 15, 1915. Ohio vs. Jonathan E. Haines. Ohio vs. Clyde Garrison. Ohio vs. Reuben Coffman.

Tuesday, Feb. 16, 1915. Ohio vs. Rolia Clark. Ohio vs. Rolia Clark. Ohio vs. James Wetzel. Ohio vs. Lewis Gillis.

Wednesday, Feb. 17, 1915. Ohio vs. Sidney Davis. Ohio vs. Sam McGary.

Commissioner's Office. A delegation of property owners along the Jacksonville Pike, conferred with the county commissioners.

FOR TIRED, SWOLLEN SORE FEET

When your feet are tired and sore and you "just can't go another step" apply Hoff's German Liniment, the standard, greaseless, refreshing-odor preparation. Hoff's German Liniment is made from white emulsion of camphor and other pure, harmless, effective ingredients. The camphor soothes tired muscles and joints and the other penetrating and healing ingredients make the sore tired feet and leg muscles flexible and elastic. Foot powders and alum preparations simply shrink the feet and relieve temporarily. Hoff's German Liniment heals the trouble and makes new feet. Relieves aching corns and bunions.

For nearly two decades Hoff's German Liniment has been unequalled for Rheumatism, Lame Back, Neuralgia, Cold on the Lungs, Cold in the Head, Bruses, Sprains, Aching Joints and Muscles, Chilblains, Frost Bites, Chapped and Cracked Hands, Toothache and Headache. It can be taken internally for colds, coughs, croup, etc. Fine for children. Keeps corns closed—something camphorated oil alone will not do—keeps corns out. Sold by all druggists—a quarter pint for a quarter; large family size, 50c. Results absolutely guaranteed or drugist will return your money. Beware of substitutes, which mean disappointment.

FORMER NEWARK MAN KILLED BY A FALLING TREE

W. H. Donson, 42 years old, a former resident of Newark, was instantly killed Monday on his farm near Charenton, Va., when he was pinned under a falling tree while clearing land which he recently purchased. The dead man was a brother of Geo. W. Donson, of 125 South Fifth street. The body will be brought to Newark at 9:05 p. m. and taken to the home of the brother who is now in the city. The funeral services will be held, probably Thursday, though this will not be definitely decided until the body reaches Newark.

Mr. Donson was at one time employed at the Worthing plant and was known to many Newark people, having also done considerable photographic work in this vicinity.

He left Newark last fall, going to the Shenandoah valley where he purchased a small tract of land expecting to make his permanent home there. He is survived by his widow, three living children, a sister, Mrs. Daniel Cronk of Buffalo, N. Y., also survives. Mrs. R. W. Wheeler of Chicago, a sister of Mrs. Donson, arrived in Newark Tuesday evening to attend the funeral.

red with the county commissioners Wednesday morning regarding the assessment for the pike improvement. Following the conference, announcement was made that the time of paying the assessments had been extended to March 1. It was to have been paid this month. There was a controversy regarding the assessments for bridge work along the pike, which the property owners claimed should be paid from the bridge fund.

Three Divorce Petitions. Divorce business was a little brisk in the probate court today, three cases being filed before noon.

Wm. H. Sternman has brought suit against Alice A. Sternman, in which he alleges that they were married Sept. 1, 1905, one boy nine years old being born. He charges that his wife is a violent woman of violent temper has been cruel towards him, accused him of intimacy with other women, that she called him vile names and has thrown chairs, knives and other things at him and threatened to kill him.

George Dixon vs. Dale Dixon is a case filed in which plaintiff alleges that he was married Feb. 3, 1912. Gross neglect of duty is charged and entertaining men at her home in Utica, O., while her husband would be absent in the oil fields. Plaintiff also states that his spouse left him some time in June 12, 1914, and that since that time he has never heard from her. He asks for a complete separation.

Helen G. Ferry has filed a petition asking for a divorce from Thomas J. Ferry, the plaintiff alleging that defendant is an habitual drunkard and that she has been compelled to earn her own livelihood by working as a pianist in moving picture theatres. She also charges defendant with cruelty. She asks restoration to her maiden name of Helen Gretchen Kutz.

Appointed Administrator. Abraham Krumm, has been appointed administrator of the estate of Louise Krumm, late of Etina township. Bond \$1,600.

Files Affidavits. Several affidavits have been subscribed to by J. P. Harris, agent of the Licking County Humane society, against owners of horses driven to delivery wagons, the horses alleged to be old, maimed and infirm.

Justice Scott's Court. The trial of Amzi Smith, arrested on a writ of B. P. Glover and charged with assault with an attempt to kill will be heard in Justice Fletcher Scott's court Thursday afternoon at 1 o'clock. Both parties reside in the vicinity of Rocky Fork in Mary Ann township.

Read Estate Transfers. J. A. Plorey to Mary K. Wyly, lot 1822 in Plorey's addition to Newark, \$1, etc.

O. D. Hall to W. M. Hall, parcel in Licking township, \$1, etc.

Minnie K. Hendern to C. A. Hendern, 104 acres in Licking township, \$1, etc.

Marriage Licenses. Fredina Mack, fruit dealer and Miss Gertrude L. McNichols, both of this city. Rev. L. C. Sparks to officiate.

Frank E. McVey, grocer clerk of Columbus, O., and Miss Hazel M. Jones, of this city. Rev. L. C. Sparks to officiate.

Emery G. Miller, glass worker, and Miss Amy E. Goff, both of this city. Rev. L. C. Sparks.

DR. BARRICK IS HIGH MAN IN TEN PIN TOURNAMENT

Dr. R. A. Barrick of this city, said to be the oldest man participating on the bowling handicap tournament, held last night in Columbus, astonished the would-be bowlers of the Capital City when he showed them how easy it was to roll high scores. In three games he made a total of 682 with 280 as his highest score in a single game. The Columbus Dispatch says:

Despite the burden of 50 years, Dr. Barrick, whose home is in Newark, rolled into first place in the singles of the Lehigh handicap tournament in the final shift Sunday evening. Barrick's score of 682 is by far the best that has been recorded in the tournament and stands a good chance of coping first money.

Barrick in his first game, spilled 217 marbles and hit his best form in the middle game, when 260 pins dropped. The third game was sent into the ditch.

STOMACH UPSET?

Get At the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause, the aliment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

## UNITED STATES SHIPS AID TO GREAT BRITAIN

AS A SOURCE OF FOOD SUPPLY, IF GERMANY RAIDS HER COMMERCE.

London Newspaper for That Reason Justifies President Wilson's Attitude on Shipping Bill.

(Associated Press Telegram) London, Feb. 3.—Raiders by German submarines on British commerce might make a United States merchant marine valuable to Great Britain as a means of supplying food, in the opinion of the Daily News, which prints an editorial this morning, justifying President Wilson's attitude on the ship purchase bill, now before congress.

The paper says "this unprecedented development of state socialism" is the only means whereby the United States can recover its place in the world of shipping. The editorial sets forth that in the present war the submarine has become a serious menace to England's food supply and in any future war will dominate her position unless in the meantime science should discover some effective means of defense.

"Should it then threaten our shipping with destruction and ourselves with starvation," says the Daily News, "it will not be an unimportant fact that a great neutral country, possessing a mercantile marine of its own can send ships into our ports unmolested and unafraid."

ATTEMPT (Continued from Page 1.) tion 282 of the criminal code. This section is as follows:

"Every one who is guilty of an indictable offense and liable to life imprisonment who unlawfully, with intent to injure or endanger the safety of any persons traveling or being on any railway, injures or destroys any train bridge or fence of said railway or any portion thereof."

Mr. Baxter said that if Van Horn were brought to Canada and indicted, he would be tried in Charlotte county, N. B. The offense charged, he said, was covered by an extension made in 1900 to the extradition treaty of 1889 between Canada and the United States pronouncing as extraditable any wilful and unlawful destruction of obstruction of railroad which endangers human life.

THORNVILLE

Rev. Robert Yost and family of Du-luth are visiting the former's parents and brothers here this week.

Oren Mechleng and wife of Columbus attended the Edmund funeral here last Tuesday.

Rev. Charles Mechleng of Canal Fulton attend the funeral of his brother-in-law last Tuesday.

Gurney Chalfant of near Sunbury visited relatives here a few days last week.

Mr. Allen Cooperider of Glenford called on relatives here Tuesday.

George Parit of Chalfants was the guest of his parents here Tuesday.

William Mechleng of Glenford was here Saturday.

Joe Shan, who was stricken with typhoid fever some time ago, died last Saturday. His body was taken to Newark Monday.

William Baker, veteran of the civil war, fell on the icy pavement, injuring his limb so badly that he is confined to the house.

James Fallor and David Foster are spending a few weeks in Florida.

Solomon Rousculp has returned to Columbus to his daughters.

Rev. Mr. Beck was in Columbus Friday attending the funeral of Dr. M. L. Lay, dean of Capital University.

C. D. Orr has been appointed humane officer of Thornville township.

Ed E. Poulson returned home last Wednesday from the City Hospital at Newark. He is getting along nicely.

Andrew Wolfe of New Lexington, has opened up a music store in the room vacated by Lester Guglielms. Mr. Guglielms moved into the room occupied by Mr. Rousculp in the Banking building.

LESS GEMS IMPORTED.

Washington, Feb. 3.—Importation of precious stones for January was nearly \$1,000,000 less than in the same month last year and more than \$2,000,000 less than in January, 1913, according to the statement made public today at the office of the U. S. appraiser of merchandise.

Probably Thirty. Oldboy—"I suppose your many admirers are getting jealous of me?" Miss Liveleigh—"Oh, no! On account of your age all they think you are calling on mother."—Judge.

## For Women Who Think!

Club Women! Mothers! Women who are leaders in the community

You are interested, almost as much as we are, in extending the use of the Safe Home Match.

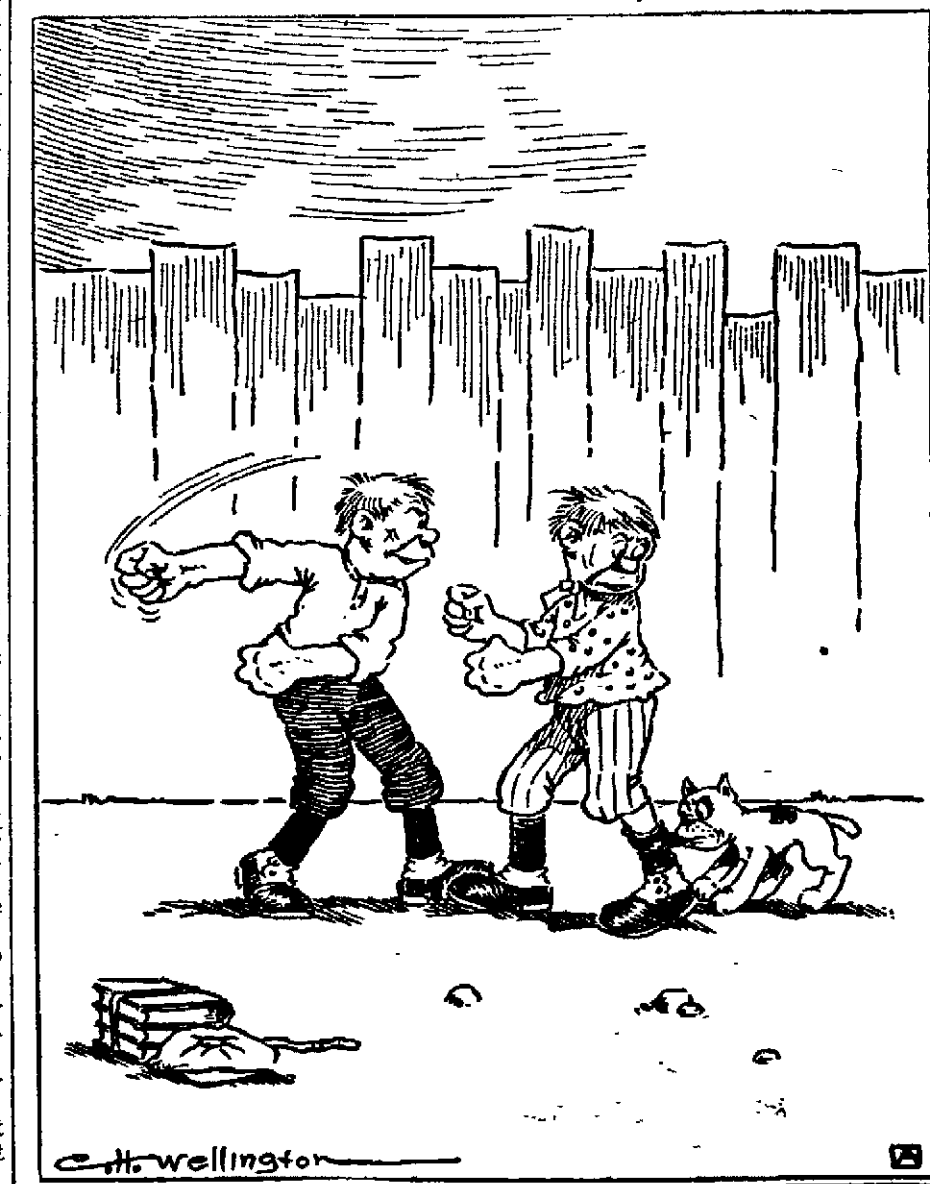

It is the most reliable, the most efficient and the safest match that can be made. It is absolutely non-poisonous. It is made under conditions that forever do away with one of the worst of occupational diseases. It removes a poison from the reach of children in American homes.

We ask you to use this new non-poisonous match and to urge others to do likewise. If Safe Home Matches were universally used, scores of lives and millions of dollars worth of property would be saved every year.

5c. All grocers. Ask for them by name.

The Diamond Match Company

## AND THE WORST IS YET TO COME.

## MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid; but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headache, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

Only One "BROMO QUININE"

Whenever you feel a cold coming on, think of the full name, LAXATIVE BROMO QUININE. Look for signature of E. W. Grove on box. 25c.

No man is as wise as the young man who is studying law, tries to look.

## ENOUGH LUMBER IN SINGLE TREE TO BUILD HOUSE

The federal government has received \$99.40 in settlement for a single sugar pine tree which was cut in trespass in the Stanislaus National Forest, in California, and which yielded more than enough actual lumber to build a good-sized suburban frame house. The tree scaled 18,932 board feet and was valued at \$5.25 per thousand feet. Not many trees contain enough lumber to build a two-foot board walk two miles long, and this is believed to be the first case on record in which a single tree felled in a National Forest was valued at almost \$100 on the stump, although National forest timber is frequently sold at considerably higher rates.

## SUCCESS

OF RUSSIAN ARMS IN WARSAW REGION, AND CARPATHIANS OFFICIALLY REPORTED.

Transportation of German Troops to the Mountain Army Confirmed at Petrograd.

(ASSOCIATED PRESS TELEGRAM) Petrograd, Feb. 3.—Successes for the Russian arms in the region of Warsaw and in the Carpathians are recounted in an official Russian statement issued here today. Confirmation is given also to the report that German troops have been sent to the Carpathians to assist their Austrian allies. The text of the communication follows: "The engagements in the region of Mlawka have continued favorable to our troops. On the left bank of the Vistula the battle on the roads from Bolimow proceeded on Feb. 1 with considerable intensity. A large number of heavy and light batteries participated energetically in the engagement. "The German attack on the morning of the second, north of Bolimow was repulsed with great losses for the enemy. A violent combat was begun south of the village of Goumnie where we recaptured advanced trenches which we lost Jan. 31. The possession of a small farm still is undecided. "South of the Pulica near Dounaetz, the enemy increased the intensity of his bombardment, continuing night and day, but attempts of the enemy's troops to make progress are without success. "In the Carpathians the conflict continued Jan. 31 and Feb. 1. Our forces advanced, fighting along the broad front at Dukla Pass as far as the lower San, having crossed the principal ridge of the mountain range in the region of Jasuska and Meko Laboreh, where we took a battery of six cannon two mortars, a number of rapid-firers, and numerous prisoners. An offensive movement undertaken by the enemy southeast of Ussok Pass was repulsed with enormous losses. "News relative to the transportation of German troops to the Carpathians finds confirmation in the fact that on Feb. 2, southeast of Beskid Pass we destroyed a battalion of the 224th German regiment, a remnant of which, notably battalion and company commanders and twenty soldiers were made prisoners."

## R. R. PRESIDENTS GIVE REASON FOR INCREASED RATES

(ASSOCIATED PRESS TELEGRAM) Springfield, Ills., Feb. 3.—Fourteen railroad presidents today presented to Governor Dunne and members of the state utilities commission arguments why the passenger rates in Illinois should be raised from two to two and one-half cents a mile. The hearing was the opening of the campaign of the transportation companies to obtain legislation permitting the increase of passenger revenue in middle western states. Several of the heads of the railroads and many important officials of traffic departments will make speaking tours of the various states. The views of the railroads were presented by Charles H. Markham, president of the Illinois Central. The income from passenger business in Illinois, Mr. Markham said, was at present so low that were it not for the freight business, the lines could not operate. Commutation rates would not be affected by the proposed increase, Mr. Markham said.

## GRAY FOLKS

Gray, Faded, Streaked, Hair Darkened. Stops Falling Hair. Look Young!

Here's an opportunity to try the effect of a harmless preparation called Q-Ban Hair Color Restorer on your hair and scalp with the guarantee of a reliable dealer that it won't cost you one cent unless it beautifully darkens your hair and promotes its growth. Simply apply Q-Ban, like a shampoo, to hair and scalp. It acts on the hair roots so the gray disappears and the hair is beautifully and quickly darkened so evenly, naturally and thoroughly that no one can tell it has been used. In addition Q-Ban stops itching scalp, dandruff and falling hair, and makes the hair thick, fluffy, soft, lustrous, beautifully dark and abundant. Q-Ban is not sticky or messy, but is a clean liquid. Try it. Darkens hair when all else fails. Only 50c for the big 7-oz. bottle. R. W. Smith, Newark, O. Out-of-town people supplied by mail. (Adv.)

## GEO. A. DORSEY NOW IN INDIA

GRANVILLE MAN SENDS FILMS - SHOWING TERRESTRIAL DISCOVERY.

Rival of Fox Trot and Hesitation are Found in the Wilds of China.

A new rival of the fox trot, hesitation and one-step has just been introduced to Chicago. It came across the Pacific ocean in motion pictures, which will be shown all over the country in a few weeks, and is known as the "Chinese stilt dance." That's the way it is done, too—on stilts about three feet high. The "movies" depicting the dance are among those taken by Professor Geo. A. Dorsey, head of the Field Museum and professor of anthropology of the University of Chicago. Dr. Dorsey son of Mr. and Mrs. E. J. Dorsey of Granville, is venturing into all sorts of out-of-the-way places in Japan, China, India and the South seas, his purpose being to obtain data for the university, curiosities for the museum and "movies" for the United Photo Play Company. The Chicago Herald says that the first 30,000 feet of film he secured arrived in Chicago this week and was shown for the first time at a private exhibition given by the motion picture concern. One of the most interesting features is the portrayal of the "stilt dance," filmed in an interior province of China far away from the beaten track of the tourist. It is danced something like this. Enter a Chinese girl on stilts, waving a silken cloth in each hand and swaying her body to the beating of tom-toms. She proceeds to the center of the floor, whereupon there enters a young man, also on stilts. He walks around her in a circle several times, she swaying from one stilt to the other the while. Then both exit together. Some of the spectators observed that, following the public exhibition of the pictures, "stilt dancing" may usurp the place of the dances now performed in the ballrooms of Chicago and other cities. "Do you stilt?" may be a question oft repeated on the dancing floor, while it is possible that the solemn "poom! poom!" of tom-toms will replace "This is the Life" and similar tunes. Many other interesting "sights" are shown in the films. A striking one is the harpooning of a whale by Japanese fishermen. The entire capture and killing of the whale—from the time he is first sighted until he lies on the beach under the knives of the lubber cutters—is displayed. A unique ceremony of the process is the hoisting of the Japanese flag on the whale's body after he comes to the surface dead. Other scenes portray women pearl divers at work near Kikamoto, Japan, giant monoliths in Mongolia and the life of the people of Nara, the "garden of Japan." At the present time Professor Dorsey is in India. He has completed his work in China and Japan. His return to the United States will be made by way of Borneo, Sumatra, Java, Australia, New Guinea and Celebes.

**PUBLIC MEETING.** There will be a public meeting held in the Council Chamber, in the City Building on Wednesday evening February 10th, at 7:30 o'clock for the purpose of discussing the question of the advisability of providing Electric current for the Municipal Light Plant of the said City. An invitation is hereby extended to every organized body in the City to send a representative to said meeting. All Citizens that are interested in the matter are also invited to attend. By order of the City Council, C. B. Keller, president; J. S. Woodward, clerk. 2-3-7t

## Theatres

"Mutt and Jeff in Mexico." You will remember that "Our Heroes" "Mutt and Jeff" succeeded in properly opening the new canal at Panama last season. None too soon, however, as our esteemed president has enlisted the services of "Mutt and Jeff" to aid in settling the Mexican controversy. Mediation is what the president desired. While our eccentric friends are not quite clear in their minds as to what it is Jeff kindly offered to cook it if Mutt will go. Mutt and Jeff in Mexico is the vehicle upon which they will ride to another tremendous success the current season. Gus Hill has made a lavish production. Fun a plenty is promised, and Mr. Hill always keeps his promises. Each successive season will find an entirely new play, which will include, book, music, scenery, costumes and last but not least new faces. It is one round of hilarious laughter, tempered with an unusually pretty bunch of choristers who can both sing and dance. Mutt and Jeff in Mexico will be at the Victoria theatre next Thursday, Feb. 4. It is a play for the entire family, without a line or a situation that will bring a blush to the cheeks of young or old. Secure seats early and thereby get the best.

## GROUNDNED VESSEL WILL BE TOTAL LOSS

(ASSOCIATED PRESS TELEGRAM) Honolulu, Feb. 3.—The four masted schooner "Defender" which went ashore on Lanai island off Maui, last Monday will be a total loss. An attempt to pull her off at high tide last night failed, and she began breaking up. The crew of ten men was saved. The "Defender" is a 242-ton vessel and was built in 1906.

Read Advocate Wants tonight.

## MT. VERNON TO PLAY Y. M. C. A. HERE FRIDAY

Coach Gilway of the Y. M. C. A. basketball team has arranged a game with the Mt. Vernon boys to be played at Ikekey's Hall in South Fourth street Friday night. The "Y" team is strong and is playing a last game of basketball at the present time. The "Y" team played the Mt. Vernon team on the latter's floor on January 27th, and was defeated 38 to 20, which will indicate an interesting game this Friday night as the "Y" team has the advantage of their home floor. This will be the first game the "Y" team has played at home and the boys are working hard to win. The "Mounts" have a heavy team and are very fast, having lost but one game this season. This game was lost to a Mansfield team which was composed mostly of ex-college players. The "Y" team is composed largely of ex-high school players and the basketball enthusiasts of Newark will find this game well worth the time and money. Game starts at 8 o'clock and the admission will be 25 cents. Tickets can be purchased from the players or at the Y. M. C. A.

## ACTIVITY

IN WHEAT MARKET CAUSES GOVERNMENT INVESTIGATION TO BECOME URGENT.

Big Grain Companies Ordered to Bring in Books for District Attorney's Examination.

(ASSOCIATED PRESS TELEGRAM) Chicago, Feb. 3.—As a result of the phenomenal activity of the wheat market and the advance in price of bread and other bakery products, the government's investigation of wheat and flour prices became more pressing today. Subpoenas were ordered issued by Charles F. Cline, United States district attorney, to bring in the books and records of a number of big grain companies, among them the Armour Grain Company, J. Rosenbaum Grain Company and the Battlett-Frazier and Company. The district attorney, it was announced, desires to investigate their connection with elevator lines in the west and northwest. The amount of grain handled by the companies since the outbreak of the European war, and how much grain is stored in Chicago elevators at present was said to be the object of the new inquiry. The price of bread was advanced from five to six cents a loaf today as a result of announcement by the master baker's association, which represents about 400 small dealers. Some of the large manufacturers, who are still selling a five cent loaf are expected to announce an advance before the end of the week as their supply of flour, bought months ago, is nearly exhausted. Prices of doughnuts, cakes, buns and other products of the bakeries also will be raised, it was said.

## SIX DAY RIDERS AHEAD OF RECORD

(ASSOCIATED PRESS TELEGRAM) Chicago, Feb. 3.—Every one of the six day bicycle race teams was ahead of the 128th hour record at 7:00 a. m. today. The four leaders were then eight laps better than the record and had covered 2,507 miles and one lap. Sprints and jams marked the hours from midnight to dawn and left McManis-McNamara, Egg-Verri, Drobach-Piersey and Corry-Carman in the lead.

## HAVE YOU A CHILD?

Many women long for children, but because of some curable physical derangement are deprived of this greatest of all happiness. The women whose names follow were restored to normal health by Lydia E. Pinkham's Vegetable Compound. Write and ask them about it.

"I took your Compound and have a fine, strong baby."—Mrs. JOHN MITCHELL, Massena, N. Y.

"Lydia E. Pinkham's Vegetable Compound is a wonderful medicine for expectant mothers."—Mrs. A. M. MYERS, Gordonville, Mo.

"I highly recommend Lydia E. Pinkham's Vegetable Compound before child-birth, it has done so much for me."—Mrs. E. M. DORR, R. R. 1, Conshohocken, Pa.

"I took Lydia E. Pinkham's Vegetable Compound to build up my system and have the dearest baby girl in the world."—Mrs. MOSE BLAKLEY, Coalport, Pa.

"I praise the Compound whenever I have a chance. It did so much for me before my little girl was born."—Mrs. E. W. SANDERS, Rowlesburg, W. Va.

"I took your Compound before baby was born and feel I owe my life to it."—Mrs. WINNIE TULLIS, Winter Haven, Florida.

## Here's a Joy Jar of Real Tobacco

Here's the greatest package of smoke satisfaction that any man ever lifted the cover from. It's full of Prince Albert, the real no-bite, no-blister brand of smokin's for pipe and cigarette. P. A. has got the bulge on every tobacco that's ever been sold or ever will be, because the bite's taken out by a patented process that leaves P. A. as easy on the tongue as a song of gladness.

## PRINCE ALBERT

the national joy smoke

is the real prize winner in the ten-cent tidy red tin and the five-cent topsey red bag, but when a fellow has a pound crystal-glass humidor of P. A. it's just the same as having a sockful of hoodie in reserve for a rainy day.

Time to replace that empty jar with a full one of P. A.

That humidor of tobacco you got for Xmas must be running mighty low just about now. If you haven't got a good supply of P. A. in the crystal-glass jar with the sponge in the cover that keeps it fresh and fragrant for pipe and cigarette-fit all the time, go to it and invest today.

Sold at stores where they sell tobacco.

R. J. Reynolds Tobacco Co.  
Winston-Salem, N. C.

## SEATS FOR ELK SHOW ON SALE NEXT MONDAY

The reserved seat board for the Elk minstrel will open Monday morning at 9:00 o'clock. Every seat downstairs will be reserved at the general admission, one dollar. The first three rows in the balcony will be reserved at one dollar and back of that at fifty cents. All of these seats will go on sale Monday. Ten may be reserved by any one person in line and no advance reservations by mail or otherwise will receive attention until after the line has been taken care of. Tickets can be purchased of any Elk and exchanged at the box office window at any time after 9:00 o'clock Monday morning. There will be plenty of good seats for all as the minstrel is to be given two nights, Thursday and Friday, Feb. 11th and 12th. Watch for the big minstrel parade Thursday noon at 12:00 o'clock. Col. Robert Dold's famous Buckeye Band of twenty pieces will play all of the latest and popular airs. A concert will be given in front of the Elk club rooms immediately after the big parade.

## Another Motor Sled Made By a Newark Boy

Mr. Justin Keeley, associated in business with his father, Mr. J. D. Keeley, has finished a motor sled which will accommodate five passengers. This is the third sled to be erected by Mr. Keeley, and profiting by his past experience, the new sled has many conveniences and gives perfect satisfaction.

The motorcycle is used complete without the front wheel, and it is set in a wooden frame about 12 feet long. At the rear are two seats placed on runners on each side of the wheel, and a seat is placed on the front of the frame. In front of this is the steering wheel. The front runner is flexible in the whole outfit can be turned as easily as an automobile.

On last Saturday it was used out on the Jackson town lake and better than 45 miles an hour was made. It is comfortable and furnishes sport for quite a party.

## Students Donate Ambulances to U. S. Red Cross

Waco, Tex., Feb. 3.—The student ambulances donated by the Y. M. C. A. students have been turned over to the American Red Cross and will be shipped to Europe in the near future for service on the battle fields.

The ambulances are khaki-colored and have red cross on a shield of white. They are fully equipped for Red Cross work.

## STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils  
Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief. Ah! how good it feels. Your nostrils are open, your head is clear; no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

## NOTICE IN APPLICATION TO REG- ISTER AND PARTITION LANDS.

Case No. 4.  
In the Common Pleas Court of Licking County, Ohio.  
Althae B. Stevens, Plaintiff,

Wm. E. Stevens, et al. Defendants.  
To Althae B. Stevens, William E. Stevens, John A. Stevens, Thomas E. Stevens, Henrietta A. Lawyer, Cyrus E. Stevens, Nona Stevens, Carrie Stevens, Mary Stevens, Robert Lawyer, Samantha Hunter (S. T. Rogers, Mary P. Bell, C. L. V. Holtz, admr. of Wm. M. Beall, and to all persons having any interest in or lien or charge upon the lands or any part thereof described herein. You are hereby notified that an application has been filed in said court by Althae B. Stevens to settle, determine and remove all clouds from and to register her title in and to and to settle, determine and register all lesser or other estates and interests in and all liens and charges upon, the following described land, to-wit: First Parcel: Situated in the county of Licking, in the state of Ohio and in the township of Franklin and bounded and described as follows. The same being in Range 11, Township One (1) and Section Eight (8), being 2 1/2 acres of land, the balance of said lot being now in the possession and owned by one Japha Effinger and being the same premises conveyed by Nance Carson, et al. to said John Crawford, recorded in Volume 53 of Deeds, page 331 and 332 of Records. Being same premises deeded to Thomas H. Stevens by John Crawford and wife by deed dated September 14, 1856, and recorded in Volume 55, page 148.

Second Parcel: Situated in the county of Licking, state of Ohio and township of Franklin and described as follows. Being 2 1/2 acres of land of the west end of the northwest quarter of section 9 of Township One (1), in Range 11 of the unappropriated land in the Military District directed to be sold at Zanesville, Ohio. Being the same premises conveyed to Thomas H. Stevens by Samuel Rogers. Third Parcel: Situated in the county of Licking, state of Ohio, and township of Franklin and being the undivided one-fifth part of the following described real estate. Being twenty-seven acres and 100 perches in range eleven, section nine in Franklin township and being all the land of which Charlotte Stevens died.

You are further notified that the plaintiffs in said application seek to have partition of said lands made among the cotenants owning the same according to their respective rights and interests therein.

You are hereby required to answer said application on or before the 20th day of February, A. D. 1915, and show cause if any you have, why the prayer of said application should not be granted. And unless you appear at said court on or before the time aforesaid and make answer or other plea to said application, your default will be taken as confessed, and you will be forever barred from contesting said grounds or any interest therein.

Witness, Thos. H. Fulton, Judge of said Court, this 15th day of January, in the year nineteen hundred and fifteen.

Attest: B. O. HORTON, Clerk.  
R. M. LARSON, Deputy.

## BUY MADE IN U.S.A. PRODUCTS

## Help the Blind.

A special exhibition of the handicraft of Ohio's blind will be shown at the home of Mrs. Geo. B. Sprague tomorrow. The state deducts only the cost of the raw material so that the profits arising from the sale of finished products go directly to the blind workers.

Newark people may have a share in the work of encouraging sightless workers by purchasing their products.

"Ohio leads the world" says Secretary Campbell, "in its efforts to aid the blind. We do not claim that more cannot be done, but with its excellent school in Columbus, pensions for the needy blind, and a commission to prevent blindness and give industrial aid to the adult blind, this state is certainly in the front rank. In spite of this, however, the best results can be obtained only with the practical co-operation of those who see, and an earnest appeal is made for those who are blessed with sight to help those who have to go through this life without their eyes."

## Growing Population.

An excursion steamer may be able to carry 1000 persons. If they are evenly distributed. If they all crowd over on one side, 200 might overload her.

The census experts are now debating whether the United States passed the 100,000,000 mark on Jan. 27, or will pass it on April 2. Whichever is nearer correct in many districts our country already shows symptoms of over population.

Yet the experts say there is room here for a population reaching into billions, if the farm lands are intensively cultivated.

Our cities seem to think that when they pass the half million or million mark, they have accomplished some wonderful human achievement. Actually what has happened has been that a lot of human sheep, dazzled by lighted streets and flashy entertainments, have abandoned the economic functions for which they were best fitted. They rush into occupations already too crowded, while the basic task of providing food lacks workers.

Our population, speaking roughly,

## Feb. 3 in American History.

1807—Joseph Elizabeth Johnston, Confederate general, born died 1881  
1865—President Lincoln and Vice President A. H. Stephens of the Confederacy met at Hampton Roads, Va., to confer about peace; merely an exchange of personal views  
1914—The United States embargo on the shipment of arms and munitions of war to Mexico was vacated by order of President Wilson.

## ASTRONOMICAL EVENTS.

Evening stars: Jupiter, Saturn. Morning stars: Venus, Mars. Meteors may be expected tonight.

## The High Cost of Distribution

NO 3

It is a complicated structure of middlemen through whose hands food products pass from producer to consumer. Many fruits and vegetables go through five hands. A local buyer and shipper purchases from the farmers. He sells to a commission dealer in some city. The commission man often puts the fruit in the hands of an auction house. The auction house sells to a jobber. The jobber sells to the retailer.

Five profits have to be paid. Overhead charges on five distinct enterprises have to be settled for. In addition cartage and freight charges are multiplied. No wonder it is a costly thing to live in the United States.

The wholesale and commission trade is one in which many abuses develop. A commission merchant may act also as a jobber. If he

sees the market rising, he can transfer the farmer's product from his account as a commission agent, to his account as a jobber, paying the farmer a commission on the low price only. Then he can sell out at a high price, thus making two profits for one handling.

The majority of the wholesalers and commission men are no doubt honest. But abuses like these have been very common, and all mount up to enhance the price the consumer pays, besides impoverishing the farmer.

The wholesale business has its large function. But the economic experts feel that there are too many middlemen, and that they make too much money, that by the proper initiative on the part of farmer and consumer, much of their profit can be cut out.

Europe, which Americans consider as being far behind our country, has achieved wonders in eliminating these superfluous profits. It seems slow and stupid on the part of Americans to fail to do likewise.

## Talk On Thrift

BY T. D. MAC GREGOR

A Practical Profit Sharing Plan.  
"Spend your money after you have earned it, never before."—Dr. Lyman Abbott

One of the large Minneapolis flour milling companies early in the winter gave every one of its 700 employees a check for \$25 with instructions to take it to a savings bank and deposit it, the check being valueless otherwise.

The object of these gifts was to foster thrift among the employees in order that the saving habit, once started by the opening of the account may be kept up, an additional incentive to save part of their earnings has been made to the company's workers.

This is embodied in a letter which reads in part as follows:  
"If you continue in our employ until November 1, 1915, bring your savings bank book to us. We will then give you a check for half the net increase in your bank balance in excess of the original \$25."

"In other words if your bank book shows \$45 on deposit November 1, 1915, we will add \$10 to your savings. If your book shows \$75 on deposit on November 1, 1915, we will add \$25 to your savings, etc."

"In no case will the amount paid under the arrangement exceed \$25. One of the remarkable features was that a large number took to the bank, in addition to their gift check, savings that never had been deposited. One man brought \$300 and a large number added to the check enough to insure the payment of a \$25 check November 1, 1915."

Several of the employees had savings accounts already and merely added the check to their savings accounts the day the company issued the check.

This is a really practical form of profit sharing as it helps people to help themselves and encourages the formation of a permanent habit of systematic economy.

## Spirit of the Press

## All Can Agree.

With today the European war enters upon its second half year with the result as much in doubt as when the Kaiser's troops entered Luxembourg just six months ago. What will February 1, 1916, bring? Untold misery to millions of innocent persons, for one thing. That seems to be the only point in this wicked and needless contest upon which all can agree.—Philadelphia Record

## Can't Forget It.

"Self-consciousness," remarked the Man on the Car, "is what keeps a fellow from forgetting the fringe on the bottom of his trousers, notwithstanding he can't see it."—Toledo Blade

## Future for Motor 'Bus.

"Jitney" is a new word which has not yet been heard much in this part of the country, but which may be destined to become very familiar. In Russia it means a small coin; in California and other Western States it is the popular name of a small and convenient motor-omnibus. The pre-

diction has been made by a prominent English traffic expert that something like this conveyance will supersede the trolley car after the main city thoroughfares have become wider and better paved. The jitney has reached such popularity in Oakland Cal., that the trolley companies are asking that it be taxed for street maintenance. At present, however, it has no right of way or other special privilege that seems to justify the charge.—Springfield Republican.

Work in Sight.  
According to E. M. Craig, secretary of the Building Construction Employers' Association, there will be work for nearly 100,000 men—many of them unskilled—in this city as soon as frost is out of the ground and work can be started. The biggest job in prospect is of course, the new terminal station, to cost \$85,000,000.—Chicago Herald.

Brighter Outlook.  
The Frick Coke Company is about to fire 1500 more coke ovens, and the only thing that accounts for a greater use of coke is the increased manufacture of iron and steel. That that increase is in progress is evidenced by many things besides this addition to the active coke ovens, but the improvement is not universal, or very radical. All that can be said is that the country is emerging from the disorganization and paralysis of trade that resulted from the sudden outbreak of the greatest wars.—Philadelphia Record.

Chicago Autobus.  
An autobus with seats for thirty and straps for twenty has been on exhibition at the Coniseum show made several trips from the city hall to the board of trade and back last Saturday. It was an interesting spectacle; it pleased many spectators, among whom were heard remarks to the effect that here was a solution of the traction problem and relief for the straphangers' woes.—Chicago Herald.

Billy Sunday.  
The New York World in an editorial on the proposed revival campaign of Billy Sunday in New York City, after remarks pro and con concludes by saying: "At any rate nobody ever heard of Billy Sunday's revivals doing any harm." The World might have gone further and stated that they not only do no harm but that they do good.—Springfield Register.

Pointed Observations  
Isn't it about time that the question of national defense is discussed on its merits, with political considerations eliminated?—Zanesville Signal.

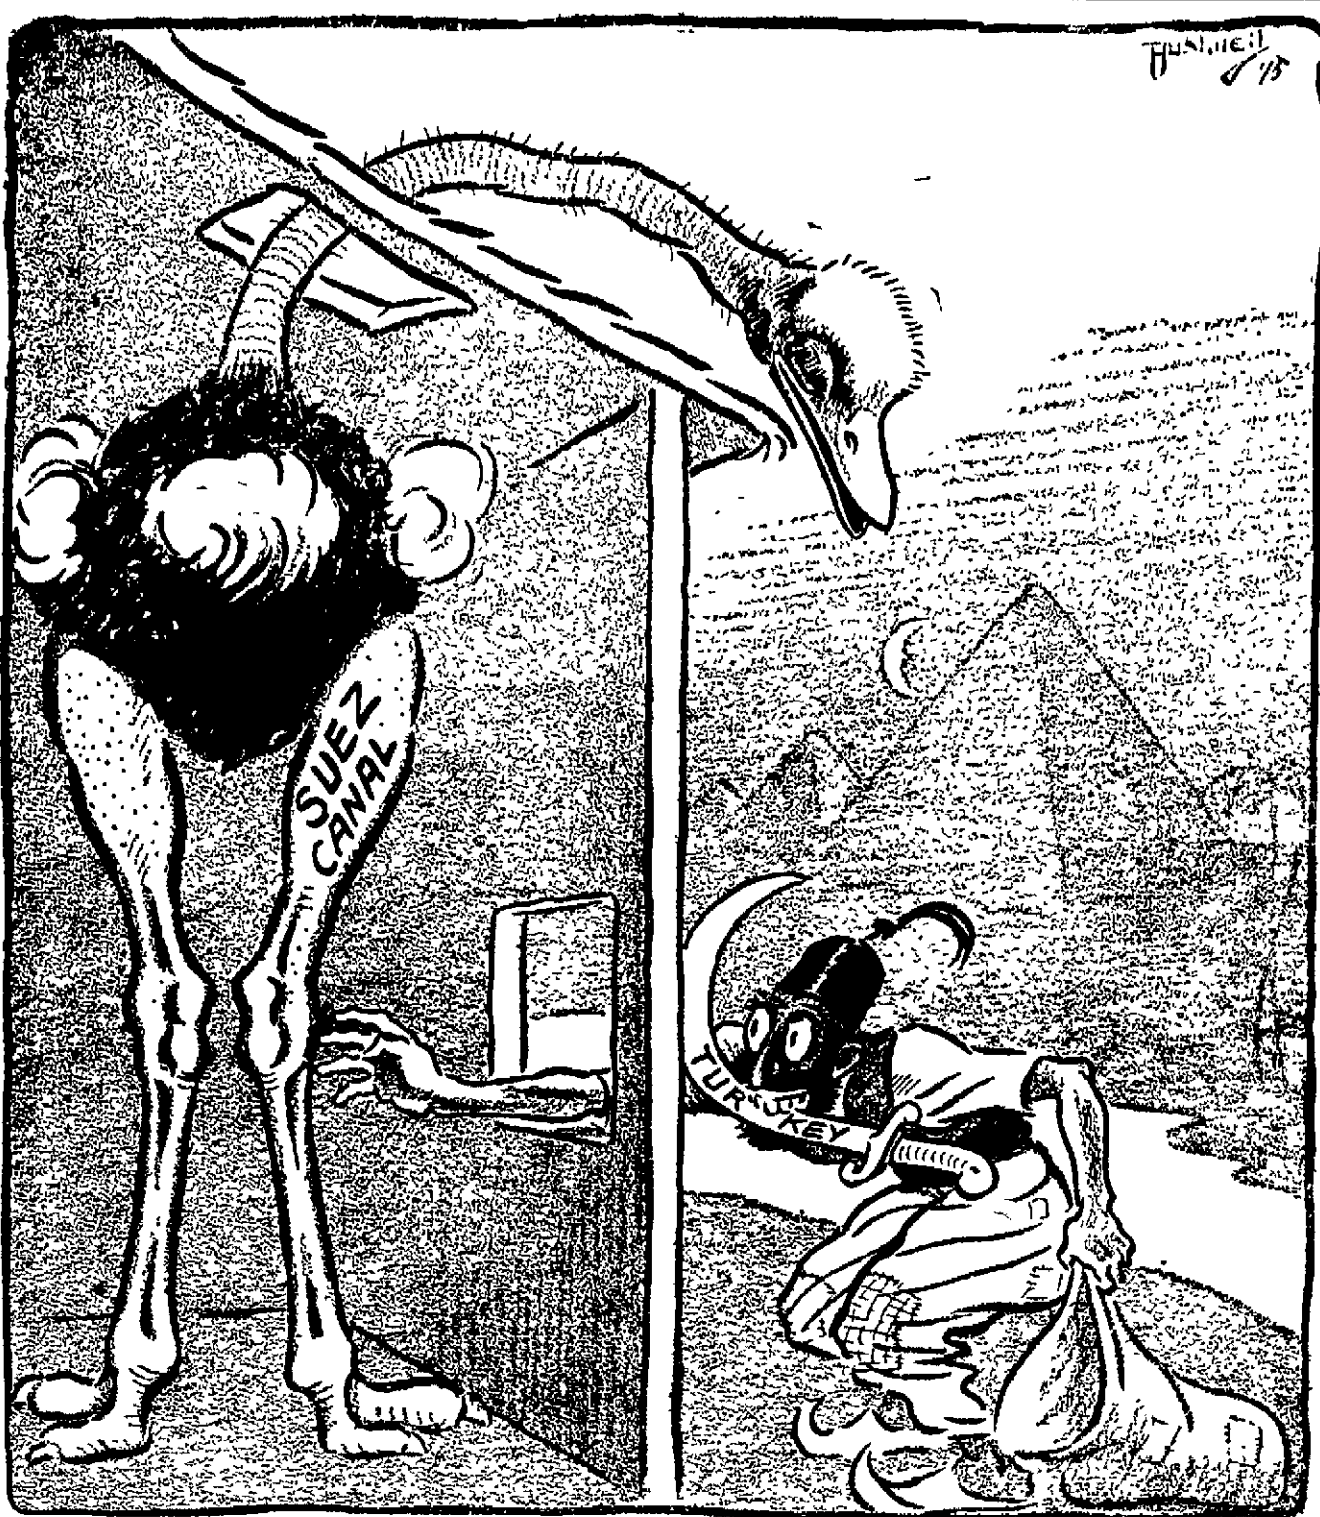

Just at present even the young wife's bread shows a tendency to rise.—Chicago Herald.

Fifty manual training schools could be built and equipped for the cost of one battleship.—Illinois State Register.

"The automobile is long," says the Baltimore American, "and, like a lot of nations, some of us are trying to support kinas when we are not able to do so."—Dayton News.

Women voters may not be required to tell their age in Chicago. Gallantry

## "HIS EYES ARE BIGGER THAN HIS STOMACH"

will thus keep pace with the suffrage. But has a woman strength for the vote it she lacks courage for her years?—New York World.

By the way, the "young Mr. Rockefeller" has just passed his fortieth birthday. The men of forty and over may cheer up.—Columbus Dispatch.

A. Mitchell Palmer says that Penrose re-election to the United States Senate cost \$1,000,000. Well, it wasn't worth the money.—Houston Post.

Cheer up! The Government figures say that there are oodles of potatoes in the country, and that prices are bound to be low so why should anybody worry about a little thing like a meat shortage?—Indianapolis News.

Japan has demanded 21 concessions from China Japan seems even to be taking China's breath away.—New York Evening Sun.

Nearly \$6,000,000,000 burned up in five months of war, exclusive of life and property loss. The American Arson Trust is an absurd piker compared with the legions of Mars.—Omaha Bee.

President Wilson says he prefers performances to promises, and his record in White House shows plainly that he believes the rest of the people of the United States do, too.—Washington Herald.

Steel managers state that they would rather pass a dividend than cut wages. This should help to convince Labor that Capital does not always have the best of it.—Washington Star

A cotton dealer in Galveston, angered by the boosting of ocean rates, bought two steamships and is loading them with cotton for Europe. That shows a better spirit than sitting down and whining because the Government won't do something for him.—Rochester Herald.

Some of the important people in the United States who are worrying about the deficit in national revenues will soon have to pay their income tax, and then they will feel differently about it.—New York World.

A Chicago professor declares there are six races in Theodore Roosevelt. But not Presidential races. The Colonel has got them pretty well out of his system.—Kansas City Journal.

Trans-Atlantic freight rates have risen 1.00 per cent. Lloyd insurance rates have also multiplied. We ought to be glad to be permitted to breathe while the earth is being dusted off.—Detroit Journal.

## Not of Great Importance

"Your language is beyond my ken," complained old Mr. Hutch. "For I know that the closest men ate those I cannot touch."—Cincinnati Enquirer.

I've often marvelled, too, at this. It happens right along. That many a mortal's weakness is for liquids that are strong.—Detroit Free Press.

Our language sure is unsurpassed. Now isn't it the deuce, that we should say a man is fast whose morals are quite loose?

There is also some inquiry for the old-fashioned man who used to go around minding his own business.

The fact that a baby resembles his father is, as a rule, no compliment to the baby.

Buck Kilby has noticed that in the matter of evening dress, women often try to outstrip each other.

Most women are amenable to argument. But no man every succeeded in convincing his wife that he turned out the gas under the hot water tank before he came to bed.

The rule is that if an evangelist says it, it is truth. If the ordinary man says it, it is abuse.

Isn't it the Truth? My sole hope in this world is for snow and ice abound. The slippery walks are very hard as also is the ground.

Eph Wiley, who was reared on a farm, admits it costs more to live than it did when he was a boy. But Eph says it is worth more.

An amateur becomes a professional when he reaches that point of excellence at which he is offered money for giving exhibitions of his skill.

has a picnic every day, and life's one round of pleasure; to be detested is his aim, so dearly he plays his game, and public scorn's a treasure.

Copyright, 1915 by The Adams Newspaper Service.

## Uncle Walt

## THE WET BLANKET.

In every burg, in every grad, you find the sour, despondent lad, who looks at all improvement, all progress gives him

grievous pains, and to the people he explains just what the old time groove meant. When we would pave Commercial street, he lusters round on tireless feet, to organize the kickers; when his remonance has been canned, he snorts around to beat the band, and bawls and beefs and bickers. Of griefs he always has a raft, to cry "extravagance!" and "graft!"—that is his life-long function. When we'd light up the darkened town, he lays all other business down, and goes for an injunction. In every corner of the grad he keeps the live wires hopping mad, with protest, knock and stricture; and every time they see him pass they cry, in tones from throats of brass, "Confound his ugly picture!" What pleasure does the kicker find in saying we should trail behind, and not be an aspirer? What comfort does the kicker know, since everywhere he sees a foe, and nowhere an admirer? But in his dark and morbid way he

## A Little Fun

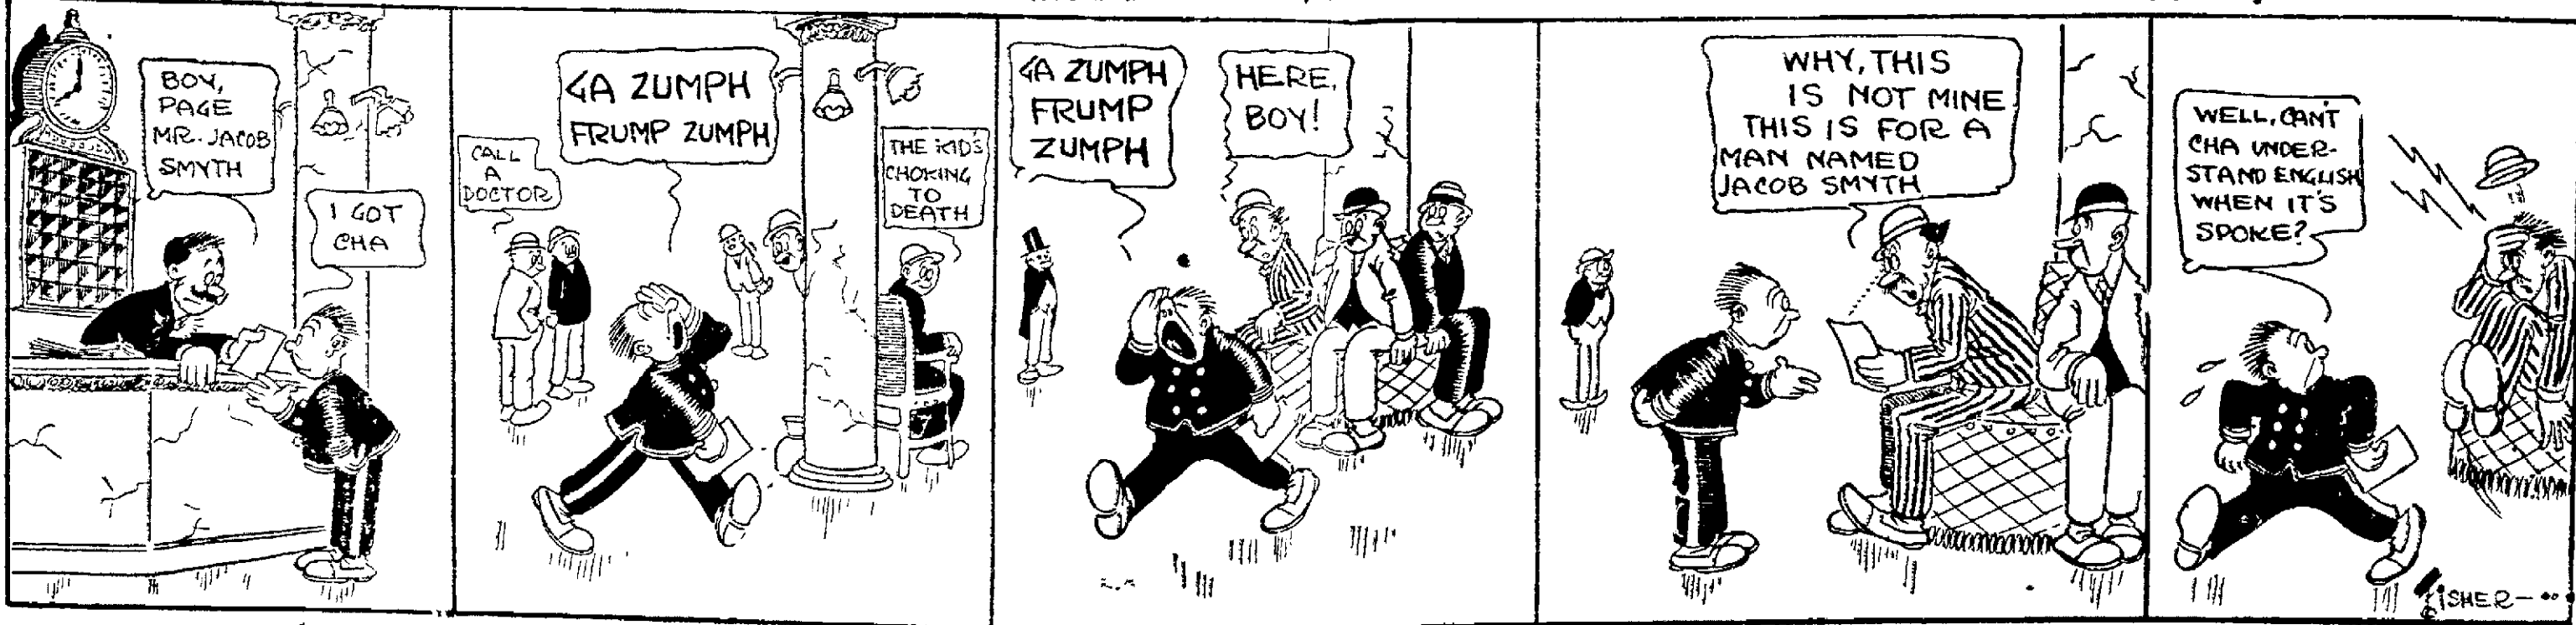

"Pardners."  
"I'll clean th' snow off yer walk fer a quarter." "Why, I just paid a quarter to have it cleaned." "Tain't half done." "Come, come, that isn't a nice way to abuse a fellow-work-er." "Oh, dat's all right—he's me pardner."—Cleveland Plain Dealer.

Wish We Could.  
"Of course, we'll have bad weather if the ground hog sees his shadow the second of February." We ought to look after that!" exclaimed the man who wants all the legislation possible. "Couldn't we make a law holding the man who owns land responsible for the conduct of his ground hog?"—Washington Star.

Just a Reminder.  
Brown—"What a rig that woman has on." Jones (looking)—"By jove, that reminds me: I've got to get some castor oil for—" Brown—"Eh; I fail to see how that ring can remind you of castor oil." Jones—"The bad taste of it, my boy."—Boston Transcript.

## DO YOU KNOW WHY --- It's Hard To Understand A Bell Hop?

Drawn for this paper By Fisher.

### Society

On Friday afternoon the Dorcas society of Holy Trinity Lutheran church enjoyed a do-bashed ride to the home of Mr. and Mrs. Lees, near Union Station. The afternoon was most pleasant, with music, conversation, and an appetizing oyster supper was served.

Those present were the Mesdames Rosens, Stauffer, Shide, Miller, Somers, Belles, Stevens, Bernard, T. D. Keyes, Rogers, Cooper, Boring, Whitehead, Wandlar, C. E. Johnson, Fatis, Chug, Whittaker, Snyder, Smith, W. J. Johnson, Misses Beatrice, Grace Stauffer, and Elmer Smith.

Announcement has been made of the marriage in Cleveland a few weeks ago, of Mrs. P. M. Beglen. The bridegroom is a man named Updike, formerly of New York, now a well-to-do business man of the Forest City. Mrs. Beglen formerly resided in Hudson avenue, but lately has been engaged in settlement work in Cleveland, which city will be Mr. and Mrs. Updike's future home.

On Friday evening, Mr. Donald Sprinkle delightfully entertained a few friends at his home near Alexandria. The evening was spent in music and games, and at a late hour a dainty supper was served the following guests: Misses Amy Green, Clara Hazleton, Genevieve Blane, Esther Carpenter, Gertrude Sprinkle, Messrs. Lee Emerson, Gale Green, and Frederick Cabbage.

The members of the Kensington club will be entertained on Friday evening at this week at the home of Miss Agnes Murphy in South Sixth street.

The members of the Tuesday Afternoon Bridge club were very pleasantly entertained at the home of Mrs. Charles W. Miller in Hudson avenue on the club day. The game concluded with the souvenir awards being made to Mrs. W. C. Miller and Mrs. C. Harrington Davis.

A birthday surprise party was given in honor of Mrs. Ed McKinney Monday night at her home near Vanatta. The evening was spent with games and music and a dainty luncheon was served at ten-thirty. The guests were Mr. and Mrs. M. R. Lock, Mr. and Mrs. B. C. Patterson, Mr. and Mrs. C. S. McKinney and Mr. and Mrs. Robert Stair and their families.

The Idle Hour club was charmingly entertained Tuesday afternoon by Mrs. John Davis of 100 Hoover street. Prizes were won by Mrs. Mayers and Mrs. Wells. At a seasonable hour the guests were ushered into the dining room where dainty refreshments were served. The color scheme of green and white was beautifully carried out throughout the room. It being groundhog day the place cards were appropriately decorated. The next meeting will be with Mrs. Casto, 48 North avenue.

The Elks Social Club entertained with a card party for the women in the club rooms on Tuesday afternoon. The game concluded with the souvenirs being awarded for enchain to Mrs. John Dolan and Mrs. Stapleton, while the trophies for bridge were given to Mrs. William Fitzgibbon and Mrs. Dwight Williams. About seventy-five women spent a delightful afternoon and supper was served at the small tables.

Miss Mabel Baumgardner entertained the members of her sewing club at her home in North Sixteenth street on Tuesday evening. A three course luncheon was served the members and guests.

A complete surprise was given Tuesday evening by the Sanitarium nurses at the home of Frank Miller and Miss Louise Thrapp, of Western avenue. The evening was greatly enjoyed.

MILLER-GOFF.  
At 11:30 this morning Rev. L. C. Sparks united in marriage Mr. Emory G. Miller and Miss Amy E. Goff, both residents of this city. Mr. Miller is employed at the American Bottle com-

### "I Eat Grape-Nuts the Year Round"

and it agrees with me." writes a doctor, "better than any breakfast food on the market—unless there is one I have not tried."

Grape-Nuts is scientifically prepared to agree with both strong and weak digestions. Long baking—about 20 hours—artificially pre-digests the starch cells for quick, easy assimilation.

Besides, Grape-Nuts supplies, in concentrated form, all the nutriment of wheat and barley, including the invaluable mineral elements often lacking in ordinary food.

Wax-sealed—crisp—ready to eat—and economical.

**"There's a Reason" for Grape-Nuts**  
—sold by Grocers.

### Personal

Miss Justine Vietmeier is ill at her home in Granville street.

Alec Ketzell of Columbus was a business visitor in Newark on Tuesday.

Mrs. Jerome Kelly of East Main street is visiting her parents in Co-shocton.

Miss Nellie Adams of the Belmawr has returned from a month's visit in Leesburg and Sabina.

Mr. and Mrs. T. J. Evans, and Dr. and Mrs. Joseph Park Shai were in Columbus on Tuesday attending the automobile show.

Mrs. J. F. Lanehart of Columbus, is visiting at the home of her parents, Mr. and Mrs. Charles L. Moore, of Granville street.

Miss Harritt Adams, night superintendent of Grant Hospital and director of the nurses, is visiting at the home of her uncle, Mr. Howard, in Maple avenue.

Miss Fawn Baker, manager of the Evett Beauty Parlors at the Morehouse Martens company of Columbus, has returned home after spending a few days in Newark, the guest of Mrs. George Mapes, No. 8 Avalon apartments.

C. E. Hollander is in Chicago attending a meeting of the National Telephone Association. Mr. Guy Watkins leaves this evening for Chicago.

Mrs. James E. Jones of West Church street, left Wednesday morning for Farrell, Pa., to visit her daughter, Mrs. Floyd Adams.

### CHURCH BUYS LOT; EXCELLENT GROWTH OF 10th STREET U. B.

The trustees of the Newark Tenth Street United Brethren church yesterday purchased the lot adjoining their present lot on the north, for the sum of \$1900; this now gives this flourishing and progressive organization two lots side by side and each being 54x201 feet, or a space 108x201, and in an excellent location.

The first lot was purchased in July, 1912, at a cost of \$1,412.50, and temporary improvement to the amount of \$800 placed thereon the first year; this indebtedness was entirely paid the middle of last July, and the church now feels justified in the present purchase.

The church was organized in 1912 with forty-five members and now has a membership of 185, with at least enough in sight to bring the membership up to 200, and is fully organized with a large and flourishing Sunday school; Men's Brotherhood, Senior and Junior Young People's societies, Sisterhood, Women's Guild, etc.

The church was founded in 1912 by Rev. G. W. Tyler and Edwin M. Larson, and has made a constant growth, and especially this conference year under the excellent leadership of the present pastor, Rev. M. R. White, when sixty-five have joined the church since Sept. 15, 1914.

The membership is faithfully looking forward to the time when it can erect a substantial and permanent church, and this will not be a great time, for there are already among its members sixty-five titheers, who pay regularly one-tenth of their income, weekly.

Special evangelistic services are still in progress and will continue during all this week.

The present trustees are J. W. Shannon, W. M. Walters, S. E. Alban, E. E. Shuck, D. O. Layman, A. F. Cornell and Edwin M. Larson, and the church has a great future.

The additional lot was purchased for cash, without mortgaging the present lot; the obligation being assumed by the men of the church.

### EVERYDAY ETIQUETTE

"Please give me a definite form for introducing a man to a woman!" pleaded Bertha.

"It is sufficient to say, 'Miss Smith, may I present Mr. Black,'" answered her sister.

### NOT KNOWN HERE.

A telegraphic dispatch from Massillon tells of the arrest of Fred Walters 29, there, charged with forgery. It stated that Walters served two years in the Mansfield reformatory from Licking county for manslaughter. Local police state they do not know the man.

"Now tell me why you should want to go to heaven," said the Sunday school teacher. "That's where all the best people go," replied the little daughter of the social climber.

### WHY GRIP IS DANGEROUS.

It requires a good tonic laxative to keep the body of the patient as strong as possible to counteract the effect of the poisons created by the grip bacillus. An expectorant tonic with some laxative qualities is the safest remedy. Such is Peruna.

Mrs. Gentry Gates, 8219 First Ave., East Lake, Ala., writes: "I had a bad case of grip. I tried Peruna and it cured me. I can safely say it is a fine medicine."

Mr. George E. Law, 1314 N. Franklin St., Brazil, Ind., writes: "I am satisfied that Peruna is a wonderful remedy for grip, and I do most heartily endorse and recommend it."

### Suitable Play.

"I am going to make my farewell tour in Shakespeare. What shall be the play—Hamlet? Macbeth?"

"This is your sixth farewell tour. I believe."

"Well, yes."

"I would suggest 'Much Adieu About Nothing.'"

—Louisville Courier Journal.

### A Money Saver.

"You must be spending a heap of money, baron. You're always driving about with your wife nowadays."

"On the contrary, I save considerably. When we walk my wife is ever so much nearer the show windows."

—Fliegende Blätter.

### Moving.

He—You seemed to be much moved by the performance.

She—Not so much as you were. You moved at the end of each act.

### DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

### Granville

(Special to The Advocate)

Granville, Feb. 3.—Mrs. Fulton Van Voorhis, who is in San Pedro, Isles of Pines, with her family, writes to a friend in Granville of conditions in the tropics. She says that the mercury stands at 84 degrees in the house, and that they are wearing their coolest clothes. A cool breeze from the water tempers the atmosphere, which might be too warm without it, and that they take daily advantage of the excellent bathing in the river. They all are in fine health.

Dr. and Mrs. C. J. Loveless leave this evening for New York City where they will spend several days. While in the metropolis, the doctor expects to attend several important clinics.

Tickets for the series of moving pictures to be shown in the Opera House three evenings and two afternoons this week, are being disposed of by the children without difficulty. They are interested in their beloved library and would be faithful were the "benefit" other than a "movie." Get in line! You will enjoy it. And you would also enjoy a look at the library itself, some evening after supper, when the young people are exchanging books at the desk, or quietly grouped round the room reading the periodicals. You would want to help, even though you truthfully say you do not care to go to the shows, you would feel a stirring of pride to help make this place in every way worthy of the town, its people, and especially its children.

Nearly 800 people attended the Denison-Oberlin basketball game in Cleveland hall Monday evening, and almost raised the roof of that substantial edifice with their enthusiastic rooting. The game was hotly contested on both sides, and full of excitement for the spectators. The Denison men, while not quite up to their usual magnificent swing, played a great game, and the nine points by which they won over the Oberlin invincibles were honestly gained, the score standing 38 to 29 in favor of Denison. Mr. St. John, director at O. S. U., remarked to one of the Denison officials at the close of the game, that "no greater basketball had been played anywhere in the country than was the contest Monday night."

One of the most charming little social affairs of the season was that given by Prof. and Mrs. Theodore Johnson Monday evening at their home in West Elm street, after the Denison-Oberlin basketball game. At 10 o'clock an appetizing repast was served by the hostess to which ample justice was done by the half dozen guests. Those gathered about the attractive and hospitable board were: Mr. and Mrs. Howard Darrow, Miss Josephine Darrow, Mr. and Mrs. Burton Case, Prof. W. H. Hoppe, Prof. and Mrs. Johnson.

The executive committee of the Women's Missionary Organization of the Baptist church met at the home of Mrs. D. C. Gilmore in West Broadway last night at 7 o'clock.

It was with regret that the Travelers, at their regular meeting Monday afternoon, took their leave of the Philippines in a splendidly prepared program. The touring of these islands with the necessary study of their history, their peoples, and their customs, has furnished fascinating occupation during the fall and winter. Monday's offering was more than up to the standard, and was highly appreciated by all present. "Current Events," given by Mrs. Christine Cook in an interesting manner; "Native Industries," a clever study of economic conditions in Manila, by Mrs. Jasper Jones in her happiest manner; "Around the Island," a delightful round trip, by Miss Jennie Roe in a thoroughly enjoyable manner, with the aid of a fine map and numerous pictures passed among the audience. The president, Mrs. W. E. Clemons, presided, and before the intermission called attention to the "Library benefit moving pictures" to be shown in the Opera House, beginning Thursday evening, with three evening and two afternoon performances. She mentioned several of the high class attractions to be presented: "The Steeple Chase," Dickens' famous "Cricket on the Hearth," "The Lion and the Mouse," etc., and recommended this enterprise to the club members as worthy of patronage.

Mr. Forest Ashbrook, son of Mr. and Mrs. M. P. Ashbrook, left Sunday night for Kansas City, Mo. He accompanied his brother, Mr. Ernest Ashbrook, who has been visiting his parents in Granville, for the past week and will remain for an indefinite time in the west.

Mrs. Elizabeth Spelman of West Broadway will leave this week for a brief visit in Columbus, en route for St. Louis, Mo., where she expects to remain for some time.

Miss Claire Gach, daughter of Mr. and Mrs. John Gach, who is attending college at Athens, O., and who spent a few days at her parents' home in Broadway, returned to her school duties Monday.

Miss Adrian Geiger of Holston, O., spent the weekend with Mrs. E. J. Dorsey on West Broadway.

President C. W. Chamberlain, who has been in London for a few days, returned home Monday evening.

Mrs. John Robinson is suffering

## CARROLL'S

### Smart Tailored Skirts Made To Your Order

#### On Friday and Saturday of This Week

We have arranged for making to your measure any skirt length purchased in our Dress Goods Department. You will have your choice of five of

### How to Treat Croup Externally

Rob Vick's "Vap-O-Rub" Salve will over the throat and chest for a few minutes—then cover with a warm flannel cloth. Leave the covering loose around the neck so that the soothing medicated vapors arising may loosen the choking phlegm and ease the difficult breathing. One application at bedtime insures against a night attack. 25c, 50c, or \$1.00. At druggists.

**"VAPORUB"**  
**VICK'S CROUP AND SALVE**

from a severe attack of pneumonia at her home in West Broadway.

Dr. George A. Dorsey, Curator of Fields' Museum, Chicago, who has been widely recognized as anthropologist and explorer, is at present in India, having completed his work in China and Japan. He will return to the United States by way of Borneo, Sumatra, Java, Australia, New Guinea and Celebes. The Herald of Chicago on January 29, gives this latest account of Dr. Dorsey's activities, which will doubtless prove interesting to Newark and Granville readers.

### In Milady's Boudoir

BY GWEN SEARS.

#### THE BEAUTY DIARY.

Would it not be rather a clever idea to keep a diary of one's beauty? You never heard of such a thing? Well many folks have taken untold pleasure in keeping a daily diary of their daily lives, their pleasures, their vacation, their visitors, etc. Why not a beauty diary?

For instance when milady gazes reflectively into her mirror one morning and discovers the telltale traces of sleeplessness, caused perhaps by an over indulgence in parties and good times, would it not serve as a grave warning to record the symptoms and results in a precious little leather bound volume?

It might also be wise to record the cure she exercised in bringing about her normal beauty again. A society debutante's diary might record the episode: "Had severe headache, remained in bed all day. Couldn't see out of my eyes, without pain. Too many cigarettes."

The working girl might, when turning back the pages of her diary, come across the following: "My cold is still very severe and my nose resembles a ripe tomato. I wish now that I had worn my rubbers, but didn't like the looks of them. Rubbers are better than red noses and cold sores, I guess."

The house wife's diary might contain: "All my life I have detested the woman who wears gloves while sweeping and cleaning, but I was put to shame last evening when I compared my own red hands to the soft, smooth, white ones of the other women in the party. They all do their own housework, too. In the future I shall use creams and gloves for my hands." And so it would go.

Good idea, do you think?

**A Food and Nerve Tonic** is frequently required by old age. We always recommend  
**Rexall Olive Oil Emulsion**  
containing Hypophosphites  
as an ideal combination for this purpose.  
Frank D. Hall.

### THIN FOLKS MADE PLUMP

Samose Ideal Flesh Builder Says Druggist Erman.

Thin people are simply suffering from want of nourishment!

If you are thin, it is because the food you eat is not assimilated and passes through the system without building up the flesh and tissue as it should.

You can readily get plump and rosy by using Samose a tissue forming food which when taken with the meals, immediately becomes a flesh building and life giving element in the blood.

Use Samose for a few days and increase of life, vigor and weight is felt and you will notice yourself getting plump and rosy.

Samose builds up the system, puts flesh on the bones, brings back the glow of health to the pallid and languid feeling which is the result of exhaustion and low vitality.

W. A. Erman & Son, are introducing Samose to their customers and recommend it highly. They give the best proof of their belief that Samose will do all that is claimed for it by offering to refund the money if it fails to increase the weight and restore good health.

Read Advocate Wants tonight.

### YOUR BOYS AND GIRLS

It is important for every mother to know whether her boys and girls are fit for school. Many children fail in their studies and lay the foundation for life-time of ill health simply because their well-meaning but ignorant parents force them to go to school when they are not in the right physical condition.

A child is not fit for school unless he shows a uniform gain in weight. His flesh should be firm, his bones well shaped and every part of his body gradually rounding into normal form. He should have a good appetite for all kinds of wholesome food and his digestive apparatus should be in perfect working condition.

Every night should find him getting sound, healthy sleep, and, whether awake or asleep, he should always breathe through his nose. His skin, not only of his face, but of his whole body, should be clear and rosy, his teeth sound, his breath sweet and his tongue clear.

THE  
"PRUDENT  
MAN"

It is absolute FOLLY for a man who intends to marry or who has a WIFE and CHILDREN directly dependent upon HIM not to save a part of his income from his earnings or his business.

A bank account is like a ball of snow: it will melt away unless you ADD to it. The habit of constantly INCREASING the balance to their credit will make any man or woman RICH.

Make OUR bank YOUR bank.  
We Pay 4% Interest on Saving Accounts.

## WHEAT PRICE RALLIES AFTER 8 CENT BREAK

(Associated Press Telegram)  
Chicago, Feb. 3.—Peace rumors dealt a sudden blow today to high prices of wheat. At the outset as much as eight cents was knocked off the value of the May delivery in which, however, transactions were relatively small. The July option in which business chiefly centered, was given a setback of two cents at the opening. May sold at low as \$1.67, whereas the close yesterday was \$1.69. The break in prices, however, was only temporary and soon May wheat touched a new high record, \$1.67.  
Fear of the opening of the Dardanelles had considerable to do with the wildness of the fluctuations in wheat. Reports, though, that several of the chief forts defending the strait had been demolished were not fully credited, and did not have a lasting effect. The same was true of the peace talk which rested on gossip as to the action of financiers likely to be taken by May 1.

During the break, May reached for a moment as low as \$1.59, a fall of 8 cents.

The scene in the pit gave little hint of any greater strain than usual.

On the rebound, May wheat jumped eventually to \$1.66, making the range covered by that option nine cents. It swung seldom equalled in so short a time. July dropped five cents to \$1.38 but recovered to \$1.40.

**Chicago Grain.**  
(Associated Press Telegram)  
Chicago, Feb. 3.—Wheat prices plunged widely downward at the start today as a result of peace rumors and because of apparent chances that the Dardanelles might be unexpectedly thrown open for Russian shipments to western Europe. Before the lack of confirmation in either case could be ascertained, the market dropped 8c for May and 4c for July.

But margin calls had greatly reduced the volume of wheat trading, especially in May. Consequently, excitement was not so intense as on much less provocation at other times and the market rallied in short order when

buying orders began to increase. The ensuing upturn carried May to \$1.66, a new high price record, and 8 cents above the low point in the early trade. July, which had dropped 4c to \$1.38, rallied to \$1.40.

Changes in other grain reflected the course of wheat, but on the whole, the entire session was characterized by a comparative calm, with some heavy trading in the early morning, and a slight loss, from which it recovered only to fall back again. The metal stocks were a trifle better in connection with reports of another advance in the price of crude oil. Trading was unusually light with a further advance of oil in London's range of prices.

American was lower, leading to a further advance in wheat had the effect of further checking operations in the stock market trading in the early session. Speculating loss in half of the recent output. The demand for stocks continued irregular and narrow, with more selling of the speculative leaders at every favorable opportunity. Canadian Pacific and Northern Pacific common stock, the latter of these offerings, which were assumed to come in part from abroad, fertilizer issues, developed sudden strength. The situation in Washington, in its relation to the shipping bill, came in for some consideration. Bonds were firm with large subscription of the Pennsylvania railroad issue.

**New York Stock Exchange.**  
(Associated Press Telegram)  
New York, Feb. 3.—A downward trend was shown by today's stock market soon after the opening. Leading and Canadian Pacific common stock, each, with some heaviness in other prominent issues. United States Steel's movement was upward, ending with a slight loss, from which it recovered only to fall back again. The metal stocks were a trifle better in connection with reports of another advance in the price of crude oil. Trading was unusually light with a further advance of oil in London's range of prices.

American was lower, leading to a further advance in wheat had the effect of further checking operations in the stock market trading in the early session. Smith is possessed of the idea that he is engaged in contract work and that he will have to finish it by a certain time. He contracted for automobiles, a car load of wrenches, lumber and groceries. He states that he has a contract to double track the B. & O. railway for its entire length.

**DEMOCRATS ARE GUARDING PLANS OF SAVING BILL**  
(Associated Press Telegram)  
Washington, Feb. 3.—Closely guarded plans of the senate administration Democrats for saving the ship bill, developed today as leaving the bolting Democrats out of the reckoning entirely, making the bill agreeable to enough Progressive Republicans, to overcome the objections. The plan was finally agreed upon, was to move as an amendment to the motion to recommend, instructing the commerce committee to return the bill with amendments providing that the government should not lease ships to private corporations for a period longer than 12 months and that no ships of belligerent nations be bought which would disturb the neutrality of the United States.  
Finally when the administration Democrats were ready to move to recommend the bill with instructions for report with the amendments, they found themselves in the minority and began maneuvering to prevent a vote on Senator Clarke's original motion to recommend without instructions.  
A hurried conference of administration Democrats and of the Progressive Republicans decided to begin a new move to save the bill. The Democrats would attempt to prolong discussion while marshaling further support and undetermined. Meanwhile, the Democrats learned that Senator Kernon was committed to vote for an unamended motion to recommend and that three Democrats into a majority as they were counting on his vote.  
It's all right to meet trouble half way, but some people want to go three-quarters of the way to meet it.

**GOVERNMENT ANTI-TRUST SUITS AGAINST SEVERAL LARGE STEAMSHIP COMPANIES.**  
Court Says the Combinations Claimed of Have Been Dissolved by the War.  
(Associated Press Telegram)  
New York, Feb. 3.—The government's anti-trust suits against the Prince, the Hamburg-American, the Lamport and Holt line and others, charging restraint of trade in connection with freight and passenger steamship business between American ports and Brazil and against the American Asiatic Steamship company and others whose steamships ply between New York and Asiatic ports, were dismissed today.  
The government's suits were filed about two years ago.  
In each case the government charged that for some years the defendants had engaged in an unlawful conspiracy to restrain trade and destroy competition in ocean carriage between ports in the United States and specified foreign ports, and to monopolize such trade.  
In dismissing the petition against the Prince line and its co-defendants which include a British line, and two German lines, Judge Lacombe asserts that the combination complained of has been practically dissolved as a result of the European war.  
"In consequence," the opinion reads, "the questions presented have become largely academic and it seems unnecessary to undertake any exhaustive discussion of the facts."

**Flood Danger Over.**  
The freezing weather of the past twenty-four hours has set at rest all danger of floods in this vicinity. While the river and creeks were bank full yesterday they are subsiding today. The ice in many places is holding firm while in others it has broken and is piled high in many of the fields. State Director Smith at Columbus sends out word that flood conditions are not probable.

RUB RHEUMATISM  
PAIN FROM SORE,  
ACHING JOINTS

What's Rheumatism? Pain only. Stop drugging! Not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" directly upon the "tender spot" and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism and sciatica liniment, which never disappoints and can not burn the skin.

Limber up! Quit complaining! Get a small trial bottle from your druggist, and in just a moment you'll be free from rheumatic and sciatic pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. Old honest "St. Jacobs Oil" has cured millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.

Patrolmen Donley and Abbott of the local police department will go to Columbus Thursday to attend a meeting of the joint committee of the Firemen-Volunteer Firemen-Police Pension association of the state. The committee will consider a pension bill which will go before the legislature.

AKRON AUTO DRIVER  
FORMALLY CHARGED  
WITH MANSLAUGHTER

(Associated Press Telegram)  
Akron, Feb. 3.—An affidavit charging manslaughter, was filed in Justice Marsh's court today against L. Oscar Beck, son-in-law of ex-Mayor W. T. Sawyer. Beck's attorney, George Sieber, notified Justice Marsh that he would appear with Beck for arraignment at noon.

Beck was the driver of the automobile which was wrecked here early Sunday morning, instantly killing Mrs. Arthur Elfe, of Canton, and injuring her sister, Miss Ruth Irwin, of Canton, and several others. Beck was to have been arraigned in police court this afternoon on a charge of violating the speed ordinance.

Before court adjourned Beck was arraigned at noon today on a charge of manslaughter and pleaded not guilty, waived examination, and was held to the grand jury under bond of \$1500. His father-in-law, ex-Mayor W. T. Sawyer, signed the bond.

"GARLIC FIENDS,"  
STRANGE THEME  
OF EVANGELIST

Last night Evangelist Swift talked about "The Garlic Fiends of Israel." During his discourse he gave Christians, who appear to be on the way to their own funeral all the time, a jolt. Rev. Swift certainly believes that if there is any one who ought to be happy all the time it is a true Christian. He compared the long faced Christians of today with the Israelites as they were being led by Moses from Egypt to the promised land.

Notwithstanding the great preserving care that God bestowed upon the Jews, they persisted in being unhappy. They were constantly murmuring. They longed for the leeks and garlic of Egypt. God gave them bread from heaven. Then they murmured because they had no meat. God sent them quail. Next they complained because the water was bitter. God sweetened it. Then the water gave out and they murmured. God sent a fresh supply. They got impatient because Moses stayed so long in the mountain. Again they murmured. They got tired of being led by God in the cloud and pillar of fire. They asked for other gods. It was just one steady round of growl—a constant murmuring against God—a constant cry, "Give us back the garlic of Egypt!" Did you ever hear of any other people that loved onions as much as those Jews did?

Let me tell you—there are lots of people today who are just as bad. They overlook all the blessings that God is constantly bestowing upon them and grumble for something else they do not possess. They overlook the sunshine and flowers. They do not hear the songs of the birds. They do not appreciate the invigorating effect of the pure air. They do not enjoy their good health. They murmur for the garlic they do not have. Wherever you go you will find two classes of people—pushers and knockers, smilers and frowners, optimists and pessimists. A pessimist is one who insists on Fletcherizing all the bitter pills that are given him. An optimist is one who makes lemonade at night out of all the lemons that were handed him during the day.

Mr. Vance S. Shober will speak tonight.

Mr. Shober was the son of a Baptist minister, once a bank clerk who went to the bad, becoming a tramp, and as such has been in every country on the globe and crossed every sea but the Antarctic. For years he never knew what it was to sleep in a bed. At Ft. Wayne five years ago he gave his heart to God, was wonderfully saved, and is now studying to be an evangelist.

**Both Were Fined.**  
George Kaviog, a Greek, filed an affidavit against Gust Bill a fellow countryman on a charge of assault and battery and when the officers went to serve the warrant, the countercharges they believed, warranted the arrest of both men and they were locked up for assault. In police court both were fined \$5 and costs.

**Kerrigan's Terrier Gone.**  
Leo Kerrigan's English bull terrier, which he left in the care of his mother in Ninth street, died of a dose of poison last Friday, the poison evidently being secured in the same neighborhood that has proved a veritable "death valley" for canines. W. H. Broom's hairless Mexican dog was poisoned about the same time. Mr. Kerrigan refused an offer of \$50 for the dog just before he left for Toledo where he is now living.

**A Sure Way To End Dandruff**

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arrow from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve, and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

**Buffalo Germans Play "Y" Team Here February 16**

Announcement is made that the Newark Y. M. C. A. team will play the Buffalo Germans, claiming the world's basketball championship, at Hickey hall Tuesday evening, February 16. Much trouble and expense has been spent in securing this date and the Y. M. C. A. management expects a large turn out so there will be no financial loss. The team appeared here several years ago and Newark gave the bunch a run for their money. The following night the Germans played Denison at Graniteville.

**Read Advocate Wants tonight.**

A CHILD DOESN'T  
LAUGH AND PLAY  
IF CONSTIPATED

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle. Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

GRAND LODGE  
OFFICER HERE  
LAST EVENING

District Deputy Grand Exalted Ruler Jess W. Smith, of Washington C. H., representing the Grand Lodge of Elks of the United States, accompanied by Hon. Frank A. Chaffin, one of the city's leading attorneys, and C. H. Griffin, proprietor of the Cherry Hotel, drove to this city Tuesday evening, a distance of seventy-five miles, the former inspecting the local order and witnessing the initiation of two candidates, Capt. John Doyle, the popular veteran passenger conductor of the B. and O., and F. O. Segler, a well known gas and oil well contractor.

The beautiful ritualistic work of the Elks was never conducted in a more excellent or impressive manner than that of last evening. The lodge room was filled to capacity and all were well repaid for their presence. The officers of the various stations were highly complimented for their efficiency, and after the completion of the initiation District Deputy Smith was introduced by Grand Exalted Ruler Fletcher S. Scott, and the former made an eloquent address which no doubt will be an inspiration to every one who had the pleasure of hearing it. The speaker complimented the Newark lodge, its officers, and the work which it has been conducting. Especially did he praise the charitable work which has been carried on the part of winter, reminding the members that the cardinal principle of the order, the corner stone upon which it was founded was that of charity.

Mr. Smith concluded by stating that there were now 400,000 Elks in the United States and that before the year was over the half million mark would be reached, when a special night would be designated and celebrated in every subordinate lodge. The order was also the richest of any in the world, owning property which has been appraised at \$23,000,000. The speaker wished everyone the choicest of blessings and God-speed in the noble work which they have undertaken.

Dr. H. H. Baker, chairman of the entertainment committee made a report of the work done by his committee and gave everyone a special invitation to be present at the dance this evening when a fine turkey supper will be served.

H. D. Hale, chairman of the Elk minstrel committee, reported that satisfactory progress was being made and that in all probability the best minstrel ever given by local Elksdom would occur next week. He also stated that the ticket sale was progressing and that the indications were that the minstrel would be greeted with two full houses.

John Ankele, chairman of the parade committee, requested every Elk to turn out for the big parade which will be given promptly at 12 o'clock on Thursday, Feb. 11. Mr. Ankele stated that the Buckeye band of twenty pieces would furnish the music and he hoped to see every Elk in Newark in line.

Dr. Jud T. Lewis, chairman of the charity committee, next made his report stating that \$1,250 worth of provisions and clothing had been distributed by his committee. This committee worked hard and earnestly and accomplished much good and it was extended a vote of thanks for its excellent work.

Attorney Frank A. Chaffin of Washington C. H., next made a splendid address, every minute of which was heartily enjoyed by everyone of the large membership present.

A social session followed the close of the business meeting and a luncheon of good things was prepared and served by Stewards Billy and Johnny Hohl.

**Buffalo Germans Play "Y" Team Here February 16**

Announcement is made that the Newark Y. M. C. A. team will play the Buffalo Germans, claiming the world's basketball championship, at Hickey hall Tuesday evening, February 16. Much trouble and expense has been spent in securing this date and the Y. M. C. A. management expects a large turn out so there will be no financial loss. The team appeared here several years ago and Newark gave the bunch a run for their money. The following night the Germans played Denison at Graniteville.

## 25 Years Ago

(From Advocate, Feb. 3, 1890.)  
Mr. S. O. Bentley has recovered from his illness and is again on duty at Mr. Frank Hall's drug store.  
Marion Huffman has had his barber shop on the north side finely painted and papered.  
Miss Stella Brennan is spending the week with her cousin, Miss May Bloomer in Zanesville.  
Little Nellie Earley, daughter of Mr. and Mrs. Jack Earley, of Morris street, is recovering after being quite ill with pneumonia.

**15 YEARS AGO TODAY.**  
(From Advocate, Feb. 3, 1900.)  
Mr. George W. Crawford left yesterday for an extended trip to Belgium and France.

Mrs. A. L. Lavin of the North End has been called to Loudenville by the serious illness of her mother.

Mrs. C. V. Graham is entertaining the Ladies Missionary society of the Second Presbyterian church at her home in North Sixth street, this afternoon.

Mrs. J. R. Kellenberger, formerly of Western avenue, this city, is seriously ill at the home of her son, Bert Kellenberger in Chicago.

**Fifty Years Ago Today.**  
Feb. 3.

Famous Hampton Roads peace conference between President Lincoln and the Confederate Vice President Alexander H. Stephens. The meeting had been brought about by a self appointed visit to the Confederate capital of Frank P. Blair on a mission of peace in January. Blair was the father of General Frank P. Blair of the Federal army. His visit to Richmond caused much excitement. Grant refused him permission to pass the army lines. The prohibition was countermanded by Lincoln, who had given Blair tacit permission to visit the enemy's capital for the purpose of bringing about a peace conference. Negotiations opened with a demand for recognition of the south, to which the president responded that the one condition necessary for a conference was that "the authority of the national government should be recognized and obeyed over the whole territory of the United States."

**Twenty-five Years Ago Today.**

Home of General B. F. Tracy, secretary of the navy, burned in Washington. Mrs. Tracy and a daughter were killed.

**State News**

Three persons were injured when a Columbus street car jumped the track, crashing into the curb.

Exploding a charge of dynamite to dislodge ice which had accumulated near his farm, Charles Burkert had the greater part of his face blown away.

Thomas C. Reynolds, first reporter on the Akron Beacon, died at Akron yesterday. He was 66 years old.

Nicholas Samaras, 28, employed in a cement plant, was buried under 380,000 pounds of dry cement at Canton when a wall gave way. He was dead when found 12 hours later.

Worry over the fate of four nephews with the German army, Mrs. Henrietta Wessels, 55, committed suicide at Cincinnati by shooting.

The Illinois Central railroad ordered 25 locomotives from the Lima Locomotive Works yesterday.

John T. Schoonover, St. Mary's attorney, died yesterday.

Holding that the city council had no right to increase or reduce the salary of a city official during his term of office, the common pleas court at Ironton gave Police Chief Berridge a judgment of \$300.

John Foster, 76, retired farmer, living near Adams Mills, was killed by a W. & L. E. train near his home. He was a veteran of the 18th O. V. I.

Machinery valued at \$1,500, owned by George J. Beck & Son, construction contractors, well known in Newark, plunged into the river at Coshocton when the flat boat was caught in an ice gorge and overturned.

**DIETING TO KEEP WELL**

Some people are born with a tendency to certain diseases. What they eat either aggravates this condition or tends to correct it.

Anybody can see the importance of a proper diet but human beings, unlike the lower animals, lack the instinct that tells them what to eat and what to avoid.

It is a fact that proper diet and a good tonic will keep people in the best of conditions and restore them to health except in acute diseases where the need of a physician is imperative.

Start today by writing to the Dr. Williams' Medicine Co., Schenectady, N. Y., for a copy of the diet book, "What to Eat and How to Eat." It is full of useful information and describes the tonic treatment with Dr. Williams' Pink Pills for indigestion, nervous dyspepsia, for those conditions of flatulency or gas on the stomach, discomfort after eating, caused by lack of tone in the digestive organs. And a lack of Dr. Williams' Pink Pills supply the stomach with well-oxygenated blood without which good digestion is impossible. Dr. Williams' Pink Pills are a non-alcoholic tonic and are free from poisons.

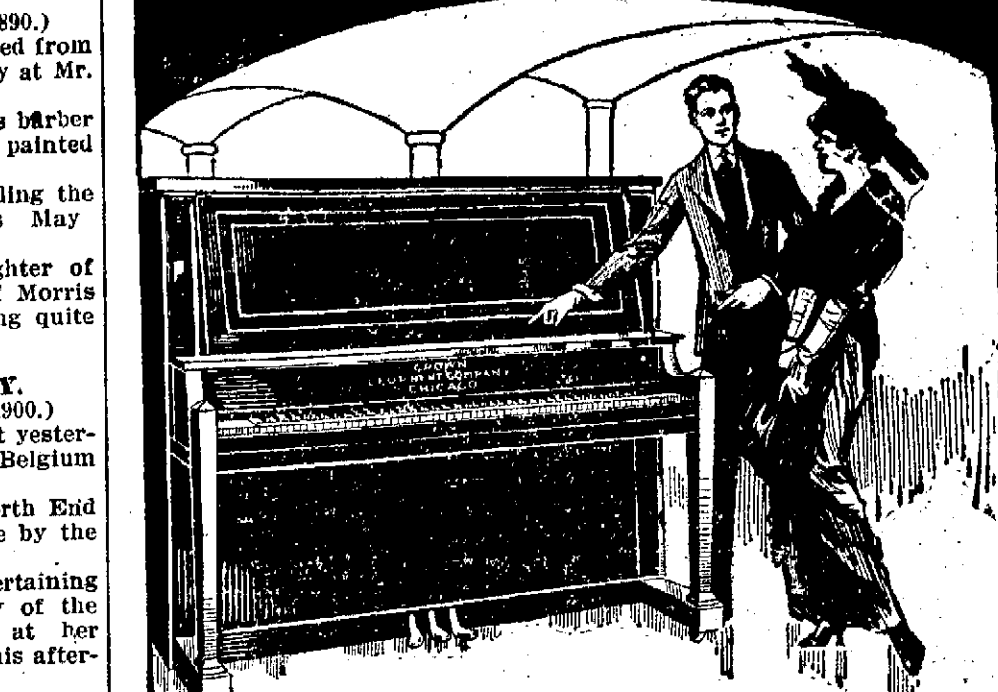

A short course of treatment with these pills will show in an improved appetite, better digestion, refreshing sleep and quiet nerves. Your own druggist sells Dr. Williams' Pink Pills.

**Buffalo Germans Play "Y" Team Here February 16**

Announcement is made that the Newark Y. M. C. A. team will play the Buffalo Germans, claiming the world's basketball championship, at Hickey hall Tuesday evening, February 16. Much trouble and expense has been spent in securing this date and the Y. M. C. A. management expects a large turn out so there will be no financial loss. The team appeared here several years ago and Newark gave the bunch a run for their money. The following night the Germans played Denison at Graniteville.

## "The Quality Goes IN Before the Name Goes ON"

**What To Look For In Buying A Piano**

Remember a Piano is, first of all, a musical instrument, not merely a piece of furniture. It must have the musical qualities as well as the beauty of design and finish. Decide first on Tone, Action and Durability—select design and finish afterward.

## Crown Pianos

are built for lasting musical quality. Perfection of tone is the reason for every part, every bit of workmanship, every careful refinement in construction. The very purity and strength of tone show superior quality. It does not take a trained musician to appreciate the tone of the Crown Piano. All music lovers recognize its beauty.

The action transmits the touch of the fingers to the strings. It must respond accurately to every variation.

To show sensitiveness of action, try getting a soft tone by a very light touch with the "loud" pedal on then loud crashes to show its strength and wide range of possibilities. Try quick repetitions on the same keys to test the elasticity. These tests show the superiority of the Crown action.

Don't buy the first piano you look at. The more you investigate the more you will appreciate the Crown. Send for our booklets telling more about how to select a piano. They are FREE.

# SCHOOL BOARD WOULD AMEND SMITH TAX LAW

NEWARK, AS WELL AS OTHER CITIES FINDS TROUBLE RAISING FINANCES.

Inspector Recommends Changes in Heating System—Board Meeting Tuesday Night.

The board of education met Tuesday evening in the superintendent's office in the high school building. President W. C. Christian presiding. Clerk James K. Dewey. W. E. Miller, Dr. W. C. Rank and S. W. Haight were also present as was Superintendent Wilson Hawkins.

After the minutes of the last meeting had been read and approved the following bills were allowed and ordered paid. Sprague Grocery Co. \$3.20; The Licking Laundry Co. \$1.05; A. Flanagan Co. \$3.89; Dobson-Evans Co. \$5.14; L. Norton Co. supplies. \$45.12; T. M. Edmiston supplies. \$8.25; C. Stevenson coal. \$322.43; Wilson Hawkins, office supplies. \$8.29; Devoe & Reynolds, paste. \$1.80; Scott Paper Co. \$22.93; Reinhold Plumbing and Heating Co. \$30.58; American Tribune, supplies. \$11; Newark Electrical Co. \$6.40; Scheider Machine Co. \$33.72; Fleck & Neal. \$8.60; Leist & Kingery. \$5.93; Smith Lumber Co. \$49.05; O. J. Barnes, office supplies. \$12.40; Newark Natural Gas & Fuel Co. \$558.92; E. D. Bush, lumber. \$37.35; Phil Vogelmeier, drayage and freight. \$7.76; Evans Supply Co. \$7.24; Rosealeum Chemical Co. potash. \$3.85; No-Dust Manufacturing Co. \$5; Ohio Light & Power Co. \$119.52.

Clerk Dewey next read a letter from the board of education of Akron, O. regarding the financial difficulties which have been experienced by school boards over the state under the operation of the Smith one per cent. law. The Akron board recommended three changes, or new laws, one of which would do away entirely with the budget commission. Clerk Dewey was instructed to answer the communication stating that the local board was in hearty sympathy with the movement which would result in placing the schools of the state on a better financial basis.

A second communication was read from the Johnson Service Co., stating that one of their inspectors had visited the school buildings of the city and it enclosed his report regarding the heating systems now in vogue in most of the schools. The inspector made a number of recommendations which the company requested should be followed out. The report closed by stating that on the whole the system was found to be a very satisfactory condition. Some suggestions were also made for the janitors to follow out which will result in better efficiency of the system.

Supt. Hawkins next asked permission for Principal O. J. Barnes and himself to attend the national meeting of superintendents and principals at Cincinnati, which will begin Feb. 23 and continue throughout the week. Supt. Hawkins stated that he had not missed one of these meetings in fourteen years and that he would try and arrange matters so that Mr. Barnes' work would be fully taken care of. The request was granted.

Supt. Hawkins next called the board's attention to the congested condition of the West End school buildings. He said that before this year expires it will be necessary to have additional room and that every room at the present time was in use and that it was necessary to send some children to the Central school. Every room in the West End buildings was taxed to their capacity and averaged fifty pupils. Mr. Hawkins suggested several remedies, stating that he called the board's attention to it at this time so that they might have plenty of time in which to act.

**DON'T USE SOAP ON YOUR HAIR.** When you wash your hair, don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly and rinses out easily. The hair dries quickly and evenly, and is soft, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

CALL US UP—WE DELIVER

# An Easy Way to Get Fat and be Strong

The trouble with most thin folks who wish to gain weight is that they insist on dragging their stomach or stuffing it with greasy foods, rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh-builders. Sargol aids through its re-generative, re-constructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. And all leading druggists of Newark and vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

Caution:—While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles it should not be taken by those who do not wish to gain ten pounds or more.

# EXTENSION OF PUBLIC LIBRARY, IS SUGGESTION

The regular monthly meeting of the Newark Public Library Association was held Thursday afternoon, January 25 in the children's room of the library, the president Mrs. Edward Kibler, Sr., presiding. After the minutes of the December meeting were read and approved the treasurer's report was given. Cash on hand \$20.57.

The librarian, Mrs. Neva Reese, then explained to the association some unusual aspects of the difficulties the library has had to face lately. While this is merely a City Library, supported by an utterly inadequate appropriation granted by the council, the generosity of a few individual givers and the efforts of the board of trustees and this body of Newark women represented in the association, yet demands are more and more being made upon its resources by all the surrounding towns. Scarcely a day passes that Hanover, Uica, Johnston, Granville, even Denison, University students, make use of the library or require the help of the librarian and her assistants in reference work. The resources of the library were already taxed to the limit with the needs of the various literary clubs, the high and the grade schools to look after. This added demand from sources outside the city is gratifying to those who have long believed an adequate Public Library to be a real need of Licking county. But since these smaller communities are not paying one dollar toward the support of the City Library and the librarian does not know where the money is to come from to renew and repair the books, to say nothing of sending them away where they are withdrawn from the use of our own community, she feels justified in asking if some effort cannot be made to secure more revenue.

The matter of library extension was then suggested by Mrs. C. C. Metz, who explained that this method is in use in some counties where there is no county library. The county then pays a stated sum toward the maintenance of the City Library for the privileges it extends to outlying towns. The association decided to send a committee to the county commissioners to ask that the county bear some of the expense for library privileges which it is already receiving.

The president next reported that the only representatives of the moving picture theatres who had signified their willingness to assist the library with benefits, were Mr. Thomas and Mr. Bader.

Mrs. Kibler also reported that The King's Daughters' benefit for the library netted the sum of \$25.00. It was decided to send Mrs. Reese to the various towns in the county, to solicit their aid in securing county extension or a county library as soon as possible.

Several ways of raising money for the immediate needs of the library were discussed and a message sent to the clubs asking them to give teas. Mrs. Annie L. Mitchell's offer to give monthly, nickel readings with talent secured from the children of the public schools was accepted with thanks by the association. Some discussion took place over the need of withdrawing the \$500 note which the association has out at interest, and using all or part of the sum to re-stock the shelves in both the main library and the children's room and this will probably have to be done, though it had been the hope of some of the members that the sum might be kept as a nest egg toward the purchase of a building site.

The library association is composed of any woman who is interested in helping the library, and who pay \$1.00 per year. It holds its regular meetings at 3 o'clock on the last Thursday of each month. The attendance this past month was encouraging, numbering twenty-four. Come next month, and help the Newark Public Library.

EDITH B. MACKAY, Cor. Sec. Library Association.

In two years, New Mexico has more than doubled the value of its mineral production.

# HANDIWORK OF OHIO'S BLIND HERE THURSDAY

Exhibition at Residence of Mrs. Geo. B. Sprague Profits Go Directly to Blind Workers.

The handiwork of the Ohio's blind will be shown at a special exhibition and sale to be given tomorrow under the direction of the State Commission for the Blind at the home of Mrs. George B. Sprague, corner Hudson avenue and Locust street. Miss Bessie Clark is to be in charge of the exhibit and a cordial invitation is extended to all those interested in social welfare to go to Mrs. Sprague's home, Thursday, February 4th.

"Give me work, that my mind and my fingers may be kept busy." This plea, originally voiced by Helen Keller, the remarkable deaf-blind girl, has found an echo in many homes in Ohio and now that the State Commission for the Blind has established its plan of home work the prayers of many of these handicapped persons are being answered.

The results of their busy fingers may be seen here tomorrow, and it should be remembered that all the profits go directly to the blind workers. The state deducts only the cost of the raw material, and through its Home Workers Guild many of those who have to live in darkness are being helped towards happier lives.

Citizens of Newark may have a share in this work of encouraging the sightless workers by purchasing their products. They will receive full value for every cent, too, for each article must pass the inspector at Columbus before it is allowed to be sold. In this way only superior workmanship is offered to the public.

# HEROES IN THE TRENCHES.

Paris, Feb. 3.—These men in the trenches must keep incessant vigilance against sudden attacks by the enemy. The men who serve the artillery fire day and night oftentimes at an enemy that is never seen.

Medical science will save more lives this year than war will take, no matter how terrifically murderous that war may be. Then, too, the food supply is very carefully looked after by the commissariat. The food supply of the soldiers must be wholesome. Living in the open air, the men are able to digest hard-luck with great relish. Napoleon said, "An army fights on its stomach." A man with a weak stomach is pretty sure to be a poor fighter. It is difficult—almost impossible—for anyone, man or woman, if digestion is poor, to succeed in business or socially—or to enjoy life. In tablet or liquid form Dr. Pierce's Golden Medical Discovery helps weak stomachs to strong, healthy action—helps them to digest the food that makes the good, rich, red blood which nourishes the entire body.

This restorative remedy, to a great extent, puts the liver into activity—oils the machinery of the human system so that those who spend their working hours at the desk, behind the counter, or in the home are rejuvenated into vigorous health.

It has brought relief to many thousands every year for nearly fifty years. It can relieve you and doubtless restore your former health and strength. At least you owe it to yourself to give it a trial. Sold by medicine dealers or send 50 cents for box of tablets—Dr. Pierce's Invalid's Hotel and Surgical Institute, Buffalo, N. Y.

You can have Dr. Pierce's Common Sense Medical Adviser of 1103 pages in cloth binding, fully illustrated with colored plates, for 3 dimes or 30 cents.

Read all about yourself, your system, the physiology of life, sex problems, marriage relations, anatomy, hygiene exercise, disease and its prevention, simple home cures, etc.—Adv.

# TWO ENEMIES OF HUMANITY

Are Indigestion and Sleeplessness—Candid Woman Tells How Nerv-Worth Overcame Them.

Some time ago Mrs. Hugh Ford of Condit, O., wrote the following endorsement of Nerv-Worth, the world's greatest nerve builder:

"I wish to tell you that Nerv-Worth has proved a very efficient remedy for indigestion and sleeplessness with which I have been afflicted for several months. Whenever I have an opportunity I will recommend the remedy."

What a glorious thing it is to get rid of these two stubborn foes of health and comfort, indigestion and sleeplessness. Nerv-Worth never fails. And it is quite as successful in overcoming all the other effects of nervous disorders. Ask Druggist T. J. Evans, who sells dozens of the remedy every week and who will give you a sample dose and give your money back if you buy a bottle and fail to get results. Price \$1.00.

# Readers' View Point

Some Notes and Comments. Editor Advocate:—If I were enjoying a substantial income I would most gladly make a substantial contribution to the fund which the Associated charities are seeking to raise, for I am fully persuaded that under the direction of Supt. Hopkins every dollar of it will be distributed faithfully and conscientiously and in such a manner and spirit that the beneficiaries will be encouraged and stimulated in the direction of self-help and self-respect.

But since I cannot make the substantial contribution of which I have spoken, I will beg leave to do the next best thing I know, namely: urge all men and women who have substantial means to make such contribution. If any of you think there is no need of liberal donations to this fund, ask yourselves how you would manage to provide food and fuel and clothing for a family of some five or six children during this winter season on nothing a week, or on the \$2.00 a week which a number of families are getting from the county commissioners.

I hazard nothing in saying that

there is more than one family in the city that would be glad to eat the crumbs that fall from rich people's tables from day to day. So give according to your means. Gentle friends, for you will get it all back in the next world, if not in this.

I do not expect the Millennium or the coming of Christ in the clouds of Heaven as the result of the great European war, Mr. Editor: but I do look for a new code of international ethics conceived in the spirit of justice and righteousness. We must all concede that there is such a thing as martial virtue and that many wars have been conducive to the moral and spiritual evolution of the race. But I can not think that the nations of Christendom are yet ready to forsake the altars of the prince of peace and bow their knees to the moloch of militarism. They are not yet ready, methinks, to crucify the moral and spiritual forces that are the life of our life and the soul of our civilization. The Christ of humanity is now being crucified on many battlefields; but he will rise from the tomb for the healing and evolving of the nations.

M. R. SCOTT.

# KAISER TO INSPECT WARSHIP SQUADRON.

(ASSOCIATED PRESS TELEGRAM) Berlin, via London, Feb. 3.—Emperor William will leave today for Wilhelmshaven, the second most important naval station in Germany, to inspect the warships stationed there. He will have an opportunity to look over the units of the squadron which participated in the North Sea battle.
